I. APPROVAL OF THE DECEMBER 8, 2016 MEETING MINUTES

ACTION: It was moved by Mayor Witt and seconded by Commissioner Sessions to approve the December 8, 2016 meeting minutes as circulated. The motion carried unanimously.

II. COMMITTEE-LEVEL REVIEW ITEMS

- #13 - City of Alachua Comprehensive Plan Draft Amendments (DEO 17-1ESR)
- #14 - City of Hawthorne Comprehensive Plan Adopted Amendment (DEO No. 16-1ESR)
- #15 - Town of Fort White Comprehensive Plan Adopted Amendment (DEO 16-1ER)
- #16 - City of Newberry Comprehensive Plan Draft Amendment (DEO No. 17-2ESR)
- #17 - Town of Mayo Comprehensive Plan Draft Amendment (DEO No. 17-1ER)
- #18 - City of Perry Comprehensive Plan Draft Amendment (DEO No. 17-1ESR)
- #19 - City of Gainesville Comprehensive Plan Draft Amendment (DEO No. 16-3ESR)

The Committee agreed by consensus to group these items for purposes of Clearinghouse Committee review. Mr. Dopp stated that the staff reports find for all items that the local government comprehensive plans, as amended, are not anticipated to result in significant adverse impacts to Natural Resources of Regional Significance, regional facilities or adjoining local governments.

ACTION: **It was moved by Mayor Witt and seconded by Commissioner Meeks to approve the staff reports as circulated. The motion carried unanimously.**

The meeting adjourned at 3:57 p.m.

COMMITTEE-LEVEL ITEMS

**FLORIDA REGIONAL COUNCILS ASSOCIATION
LOCAL GOVERNMENT COMPREHENSIVE PLAN AMENDMENT REVIEW FORM 01**

Regional Planning Council: North Central FL
Review Date: 2/23/17
Amendment Type: Draft Amendment

Regional Planning Council Item No.: 24
Local Government: Marion County
Local Government Item No.: 2016-L08
State Land Planning Agency Item No: 17-1ESR

Date Mailed to Local Government and State Land Planning Agency: 2/24/17 (estimated)

Pursuant to Section 163.3184, Florida Statutes, Council review of local government comprehensive plan amendments is limited to adverse effects on regional resources and facilities identified in the strategic regional policy plan and extrajurisdictional impacts that would be inconsistent with the comprehensive plan of any affected local government within the region. A written report containing an evaluation of these impacts, pursuant to Section 163.3184, Florida Statutes, is to be provided to the local government and the state land planning agency within 30 calendar days of receipt of the amendment.

DESCRIPTION OF AMENDMENT

The amendment reclassifies 20 acres on the Future Land Use Plan Map from High Density Residential (up to 8 dwelling units per acres) to Employment Center and 20 acres from High Density Residential (up to 8 dwelling units per acre) to Urban Residential (up to 16 dwelling units per acre. See attached map).

1. ADVERSE EFFECTS TO SIGNIFICANT REGIONAL RESOURCES AND FACILITIES IDENTIFIED IN THE STRATEGIC REGIONAL POLICY PLAN

The subject property of the amendment is located within one-half mile of State Road 200, which is identified in the Withlacoochee Strategic Regional Policy Plan as a Regional Transportation Facility.

The local government data and analysis report indicates that the nearest segment of State Road may not meet minimum level of service standard should the subject property be developed to its maximum allowable intensity of use (see attached). Therefore, significant adverse impacts may occur to State Road 200 as a result of the amendment.

The subject property is located within one mile of Ross Prairie State Forest, which is a Natural Resource of Regional Significance as identified and mapped in the regional plan. Additionally, the Floridan Aquifer, a Natural Resource of Regional Significance as identified and mapped in the Withlacoochee Strategic Regional Policy Plan, is located underneath the subject property. Nevertheless, significant adverse impacts are not anticipated to occur to the Natural Resources of Regional Significance. The County Comprehensive Plan contains adequate policy direction to prevent significant adverse impacts to the Natural Resources of Regional Significance.

2. EXTRAJURISDICTIONAL IMPACTS INCONSISTENT WITH THE COMPREHENSIVE PLANS OF LOCAL GOVERNMENTS WITHIN THE REGION

Significant adverse extrajurisdictional impacts are not anticipated to occur to adjoining local governments as a result of the amendment.

by the County. Further, the County continues to pursue recycling opportunities and other avenues to address solid waste needs based on existing and projected conditions.

Transportation: Amendment 16-Lo8 was analyzed using the Marion County Impact Fee Schedule and the Institute of Transportation Engineers Trip Generation Handbook, 9th Edition. The proposed 20 acres of commercial land use and 20 acres of residential land use has the potential to create 38,528 daily trips and 4,555 peak hour trips. See Amendment Trip Generation Table below.

| AMENDMENT TRIP GENERATION | | | | | |
|---------------------------------------|-------|------------------------|-------------------------------------|---------------|-----------------------|
| Scenario | Acres | Future Land Use | Potential Maximum Development | Daily Trips | PM Peak Hour Trips |
| <i>Existing</i> | | | | | |
| | 40.0 | High Density Res. (du) | 320 | 2,112 | 182 |
| Total Existing Trip Generation | | | | 2,112 | 182 |
| <i>Proposed</i> | | | | | |
| | 20.0 | Urban Residential (du) | 320 | 2,112 | 182 |
| | 20.0 | Employment Center (sf) | 871,200 | 36,416 | 4,373 |
| Total Proposed Trip Generation | | | | 38,528 | 4,555 |

According to the TPO 2015 Traffic Counts, CR-484 has a current volume to capacity ratio of 21.3% (8,500 of 39,800 trips). If the site is developed to capacity, it is anticipated that CR-484 will continue to operate within its adopted level of service ("D"/"E"). If approved, and through subsequent application processes, development proposals associated with this application will be subject to further transportation impact review and approval under the County's Land Development Code including concurrency review.

STAFF RECOMMENDATION

Growth Services recommends **APPROVAL** of **CPA 16-Lo8** for the proposed Future Land Use Map Amendment on the following basis:

1. The granting of the amendment will not adversely affect the public interest.
2. The proposed amendment is compatible with land uses in the surrounding area.
3. The proposed amendment is consistent with Chapter 163, Florida Statutes and the Marion County Comprehensive Plan

PLANNING & ZONING COMMISSION RECOMMENDATION – November 28, 2016:

The Planning & Zoning Commission recommends **Approval** of **CPA 16-Lo8** for the proposed Future Land Use Map Amendment on the following basis:

1. The granting of the amendment will not adversely affect the public interest.
2. The proposed amendment is compatible with land uses in the surrounding area.

LOCAL GOVERNMENT COMPREHENSIVE PLAN AMENDMENT REVIEW FORM 01**

Regional Planning Council: North Central Fl
Review Date: 2/23/17
Amendment Type: Draft Amendment

Regional Planning Council Item No.: 27
Local Government: Town of Bell
Local Government Item No.: CPA 17-01
State Land Planning Agency Item No.: 17-1ER

Date Mailed to Local Government and State Land Planning Agency: 2/24/17 (estimated)

Pursuant to Section 163.3184, Florida Statutes, Council review of local government comprehensive plan amendments is limited to adverse effects on regional resources and facilities identified in the strategic regional policy plan and extrajurisdictional impacts that would be inconsistent with the comprehensive plan of any affected local government within the region. A written report containing an evaluation of these impacts, pursuant to Section 163.3184, Florida Statutes, is to be provided to the local government and the state land planning agency within 30 calendar days of receipt of the amendment.

DESCRIPTION OF AMENDMENT

The Town is amending its comprehensive plan based on an evaluation completed by the Town to reflect changes in state requirements pursuant to Section 163.3191, Florida Statutes. More specifically, the item amends the Future Land Use Map as well as the text of the Future Land Use Element; the Transportation Element; the Housing Element; the Sanitary Sewer, Solid Waste, Drainage, Potable Water and Natural Groundwater Aquifer Recharge Element; the Conservation Element; the Recreation and Open Space Element, the Intergovernmental Coordination Element; the Capital Improvements Element and the Public School Facilities Element. The amendment also adds an Economic Development Element to the Town Comprehensive Plan (see attached excerpts).

1. ADVERSE EFFECTS TO SIGNIFICANT REGIONAL RESOURCES AND FACILITIES IDENTIFIED IN THE STRATEGIC REGIONAL POLICY PLAN

The Town is bisected by U.S. Highway 129, which is identified in the North Central Florida Strategic Regional Policy Plan as a Regional Transportation Facility. Additionally, the Town is located within an Area of High Aquifer Recharge Potential, which is identified and mapped as a Natural Resource of Regional Significance in the Regional Plan. Nevertheless, significant adverse impacts are not anticipated to the regional facility or to the Natural Resource of Regional Significance as the amendment does not result in an increase in allowable density or intensity of use.

2. EXTRAJURISDICTIONAL IMPACTS INCONSISTENT WITH THE COMPREHENSIVE PLANS OF LOCAL GOVERNMENTS WITHIN THE REGION

The Town Comprehensive Plan, as amended, is not anticipated to create significant adverse impacts to adjoining local governments.

FUTURE LAND USE ELEMENT

INTRODUCTION

This Future Land Use Element and Future Land Use Plan map and map series, designates the future general distribution, location and extent of the uses of land within the incorporated areas of the Town. The purpose of this Future Land Use Element is to provide for the appropriate distribution of population densities and building and structural densities and intensities.

The following goal, objectives and policies provide for distribution of future land use, as well as, guidance for such future land use. The focal point around which this Future Land Use Element is centered is the Town as a designated center of development as the unincorporated areas of the County are primarily rural in character and use.

FUTURE LAND USE ELEMENT GOALS, OBJECTIVES AND POLICIES

GOAL I - IN RECOGNITION OF THE IMPORTANCE OF ENHANCING THE QUALITY OF LIFE IN THE TOWN, DIRECT DEVELOPMENT TO THOSE AREAS WHICH HAVE IN PLACE, OR HAVE AGREEMENTS TO PROVIDE, SERVICE CAPACITY TO ACCOMMODATE GROWTH IN AN ENVIRONMENTALLY ACCEPTABLE MANNER.

OBJECTIVE I.1 The Town, ~~upon adoption of this comprehensive plan,~~ shall make available or schedule for availability the public facilities for future growth and urban development as development occurs in order to provide for urban densities and intensities within the Town **and discourage the proliferation of urban sprawl.**

Policy I.1.1 The Town shall limit the location of higher density residential, high intensity commercial and heavy industrial uses to areas adjacent to arterial or collector roads where public facilities are available to support such higher density or intensity.

Policy I.1.2 The Town's zoning regulations shall provide the following:

| LAND USE | ZONING | DENSITY/FLOOR AREA RATIO |
|------------------|--------|-------------------------------------------------|
| Residential | R-1 | Less than or equal to 1 dwelling unit per acre. |
| | R-2 | 1 to 4 2 dwelling units per acre. |
| | R-3 | 1 to 4 dwelling units per acre. |
| Commercial | C-1 | 1 to 12 dwelling units per acre.* |
| | C-2 | 4 to 12 dwelling units per acre.** |
| Commercial | C-1 | .75 Floor Area Ratio |
| | C-2 | .75 Floor Area Ratio |
| Light Industrial | I | .50 Floor Area Ratio |

* 1 - 3 Dwelling units per acre

are permitted in this district as an accessory use, such as apartments located above business establishments in the downtown commercial district.

Words **bolded and underlined** have been added.
Words **~~bolded and struck through~~** have been deleted

**** 4 - 12 Dwelling units per acre** shall be permitted for apartment complexes with on-site, sewage treatment plants; and

****4 - 8 Dwelling units per acre** shall be permitted for mobile home parks.

Public, charter, and private elementary and middle schools are permitted within the residential land use classification. Public, charter, and private elementary, middle schools and high schools are permitted in the residential land use classification.

Public, charter, and private elementary, middle and high schools are permitted within commercial land use designations.

Public, charter, and private schools teaching industrial arts curriculum are permitted within industrial land use designations.

Policy I.1.3

Density of development in the Town shall be governed by the availability adequate sewage treatment.

| USE | SEWAGE TREATMENT | PERMITTED |
|-------------|------------------|---------------------------------|
| Residential | Septic Tank | 1 - 2 dwelling units per acre. |
| | Package Plant | 1 - 12 dwelling units per acre. |

Policy I.1.4

The Town shall require developers to provide for neighborhood utilities in site and development plans and to include specific provisions for:

1. Ownership of utility and property,
2. Financing of operations and required capital improvements,
3. Dedication of road rights-of-way of sufficient size (minimum sixty feet) to accommodate present and future utility needs, and
4. Adequate provision of easements across private property for use of required utilities.

Policy I.1.5

Community and regional utility facilities shall be restricted to commercial or industrial land use areas.

Policy I.1.6

The Town shall require the location of public, private and charter school sites to be consistent with the following criteria:

1. The proposed school location shall be compatible with present and projected use of adjacent property;
2. Adequate public facilities and services are, or will be available concurrent with the development of the school;
3. There are no significant environmental constraints that would preclude development of an educational facility on the site;
4. There will be no adverse impacts on archaeological or historic sites or structures listed on the State of Florida Historic Master Site File, which are located on the site;

Words **bolded and underlined** have been added.
Words **~~bolded and struck through~~** have been deleted

5. The proposed location is well drained and soils are suitable for development or are adaptable for development and outdoor educational purposes with drainage improvements;
 6. The proposed site can accommodate the required parking and circulation of vehicles on the site; and
 7. Where feasible, the proposed site is so located to allow for co-location with parks, libraries and community centers.
- Policy I.1.7 The Town shall require the development of public, private and charter school sites to be consistent with the following standards:
1. Middle and high schools shall be located on collector or arterial roadways, as functionally classified within the Comprehensive Plan, which have sufficient capacity to carry traffic to be generated by the school and are suitable for high volume traffic during evening and special events as determined by generally acceptable traffic engineering standards;
 2. The location, arrangement and lighting of play fields and playgrounds shall be located and buffered as may be necessary to minimize impacts to adjacent residential property; and
 3. All structural setbacks, building heights, and access requirements shall be governed by the Town's land development regulations.
- OBJECTIVE I.2 The Town shall ~~upon adoption of this comprehensive plan~~, regulate the location of land development consistent with topography and soil conditions and the availability of facilities and services.
- Policy I.2.1 The land development regulations of the Town shall restrict development within unsuitable areas due to flooding, improper drainage, steep slopes, rock formations and adverse earth formations, unless acceptable methods are formulated by the developer and approved by the Town to solve the problems created by the unsuitable land conditions.
- OBJECTIVE I.3 The Town shall, ~~upon adoption of this comprehensive plan~~, require that proposed development be approved only where the public facilities meet or exceed the adopted level of service standard.
- Policy I.3.1 The land development regulations of the Town shall establish procedures for the review of proposed development to determine its impact on level of service standards for public facilities. Building permits shall be issued only when the necessary facilities and services are in place in accordance with the Concurrency Management System found within this Comprehensive Plan.
- OBJECTIVE I.4 The Town, ~~upon adoption of this comprehensive plan~~, shall use innovative land development regulations.
- Policy I.4.1 The Town shall manage future growth and development by implementing, at a minimum, the following provisions to:
1. Regulate the subdivision of land;

Words **bolded and underlined** have been added.
Words **~~bolded and struck through~~** have been deleted

2. Regulate the use of land and water consistent with this Element to maintain the compatibility of adjacent land uses and provide for open space;
3. Protect environmentally sensitive lands identified within the Conservation Element;
4. Regulate areas subject to seasonal and periodic flooding and provide for drainage and stormwater management;
5. Protect potable water well fields and aquifer recharge areas;
6. Regulate signage;
7. Provide safe and convenient on-site traffic flow and vehicle parking needs; and
8. Provide that development orders and permits shall not be issued which result in a reduction of the level of service standards adopted in this Comprehensive Plan.

OBJECTIVE I. 5 The Town, ~~upon adoption of this comprehensive plan,~~ shall require adequate planning, financing, construction and dedication of public utilities to support proposed development.

Policy I.5.1 The Town shall adopt as part of its utility policies and programs a provision whereby any extension of public facility geographic service areas into surrounding unincorporated areas, shall be limited to the adjacent designated urban development areas as defined within the County's Comprehensive Plan.

OBJECTIVE I.6 The Town's land development regulations shall include within the portion regarding the report and recommendation of the Planning and Zoning Board on amendments to such regulations, that such report shall address whether the proposed amendment will be a deterrent to the improvement or development of adjacent land uses and it shall be concluded by the local governing body, based upon such report and prior to approval of the amendment, that the granting of the amendment will not adversely impact adjacent land uses.

Policy I.6.1 Mining shall not be permitted in the Town because:

1. There are no known minerals of commercial value located in the Town to be mined and
2. Responsible mining development would require expertise not economically available to the Town.

If minerals of commercial value are discovered and a proposal for development of those minerals is submitted, the Town may address that need and all of the foregoing concerns with regulations which:

1. Require special buffers and setbacks;
2. Eliminate/regulate blasting;
3. Require and assure reclamation;
4. Require and evaluate environmental impact reports; and

Words **bolded and underlined** have been added.
Words **~~bolded and struck through~~** have been deleted

5. Evaluate transportation needs and impacts created by heavy equipment transporting materials.
- Policy I. 6.2 The Town shall provide drainage, stormwater management, open space and safe and convenient on-site traffic flow for all development.
- Policy I.6.3 The Town shall limit the intensity of development by requiring that the length of lots does not exceed three times the width of lots for the location of dwelling units.
- Policy I.6.4 The Town shall participate in the National Flood Insurance Program and regulate development and the installation of utilities in flood hazard areas in conformance with the programs requirements. The Town shall require all structures to be clustered on the non-floodprone portions of a site.
- OBJECTIVE I.7 The Town, ~~upon adoption of this comprehensive plan,~~ shall identify and designate blighted areas which are feasible for redevelopment or renewal, through the updating of the housing condition survey with U.S. Bureau of Census information ~~by 1993~~.
- Policy I.7.1 The Town shall request federal and state funds to redevelop and renew any identified blighted areas, where the Town finds there is a competitive feasibility to receive such funding.
- OBJECTIVE 1.8 ~~At the time of adoption of its comprehensive plan, t~~The Town shall regulate nonconforming lot sizes, uses of land, structures, and uses of structures. Non-conformities shall be permitted to continue until they are voluntarily removed; however, non-conformities shall not be enlarged upon, expanded, intensified or extended. Certain nonconforming structures may be renovated and repaired to promote the safety and general appearance and avoid the deterioration and shabby appearance that can come from long term non-conformities.
- Policy I.8.1 Non-conforming undeveloped lots lawfully permitted at the effective date of this plan, when conforming in all other respects except setback requirements, may be developed upon a finding that the property cannot be utilized as proposed without deviations, the deviations are necessitated by size or shape of lot, and the property can be developed as proposed without significant adverse impact on surrounding properties, properties, public health, or safety.
- Policy I.8.2 Lawful, non-conforming uses of land may be permitted to continue after the adoption of this plan provided a non-conforming use is not enlarged, increased or intensified; and provided that if the non-conforming use ceases for any reason (except governmental action which impedes access to the premises) for a period of six consecutive months, any subsequent use shall conform with this plan.
- Policy I.8.3 A lawful non-conforming structure may continue as long as it remains otherwise lawful and provided:
1. It may not be enlarged or altered in a way .which would increase its non-conformity;
 2. If it should be destroyed by any means to the extent of 50% or more of its replacement value, it shall not be reconstructed except in conformity with this plan; and

Words **bolded and underlined** have been added.
Words **~~bolded and struck through~~** have been deleted

3. Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to this plan. Notwithstanding any other provisions for non-conforming structures, any structure used for single family residential purposes and maintained as a non-conforming structure may be enlarged or replaced with a similar structure so long as that enlargement or replacement does not create new non-conformities or increase the extent of existing non-conformities.

Policy I.8.4

Lawful non-conforming use of structure may be permitted provided:

1. No existing structure devoted to such use shall be enlarged, extended, etc. without changing the use of the structure to a permitted use;
2. Any non-conforming use of a structure or structure and premise may be changed to another non-conforming use of the same character or a more restricted non-conforming use provided such alternate non-conforming use is equally or more appropriate to the district than the previous non-conforming use;
3. Any structure or structure and premises in combination in which a non-conforming use is superseded by a permitted use shall thereafter conform to the regulations of the district;
4. If a non-conforming use of a structure or structure and premises ceases for any reason (except where governmental action impedes access to the premises) for a period of more than six (6) consecutive months, any subsequent use shall conform to the regulations of the district; and
5. Should a structure containing a non-conforming use be destroyed by any means to the extent of more than 50% of its replacement value at the time of destruction, its status as a nonconforming use shall be terminated and any reconstruction shall be in conformity.

Policy I.8.5

The Town will establish administrative procedure and standards by which a property owner may demonstrate that private property rights have vested against the provisions of this Comprehensive Plan. These administrative procedures shall provide determination for the consistency of development with the densities and intensities set forth in this Plan.

OBJECTIVE I. 9

The Town, ~~upon adoption of this comprehensive plan,~~ shall adopt historic resource preservation provisions.

Policy I.9.1

The Town shall establish criteria for designating historic structures and sites and further, establish guidelines for the maintenance and adaptive reuse of historic structures and sites.

Policy I.9.2

The Town shall maintain a listing of all known prehistoric and historic sites within the Town. This list shall be updated as new information regarding the prehistoric or historic significance of a site is identified and provided to the Town by the state historical officer.

OBJECTIVE I.10

The Town, ~~upon adoption of this comprehensive plan,~~ shall protect natural resources and environmentally sensitive lands (including but not limited to wetlands and floodplains).

Words **bolded and underlined** have been added.
Words **~~bolded and struck through~~** have been deleted

Policy I.10.1 The Town does not have specific hydrological information that would be helpful in developing regulations to protect potable water well fields. Studies are presently being done by the Suwannee River Water District which will form the basis for review and re-evaluation of existing well field regulations. In the interim, between the time of adoption of the Comprehensive Plan and the availability of the Suwannee River Water District study, the following measures shall be taken:

1. The first 200 foot radius around the well shall remain a zone of exclusion where no development activities shall be permitted; and
2. From a radius of 200 to 600 feet around the well, land uses shall be regulated to prohibit:
 - a. Landfills;
 - b. Facilities for the bulk storage, handling or processing of materials on the Florida Substance List;
 - c. Activities that require the storage, use or transportation of restricted substances, agricultural chemicals, petroleum products, hazardous toxic waste, medical waste, etc.;
 - d. Feedlots or other commercial animal facilities;
 - e. Waste water treatment plants, percolation ponds, and similar facilities;
 - f. Mines; and
 - g. Excavation of waterways or drainage facilities which intersect the water table.

OBJECTIVE I. 11 The Town, ~~upon adoption of this comprehensive plan,~~ shall establish a process for coordination with agencies responsible for the implementation of any regional resource planning and management plan prepared pursuant to Chapter 380, Florida Statutes, **as amended**.

Policy I.11.1 The Town shall require that all proposed development which is subject to the provisions of any regional resource planning and management plan shall be consistent with such plan and that proposed development be reviewed for such consistency during the development review process.

OBJECTIVE I.12 The Town, ~~upon adoption of this comprehensive plan,~~ shall coordinate review of all proposed development plans, with the Water Management District, for developments proposed within the drainage basin of any designated priority water body to provide the Water Management District an opportunity to review such development to determine if the development is consistent with any approved management plans within that basin.

Words **bolded and underlined** have been added.
Words **~~bolded and struck through~~** have been deleted

Policy I.12.1 The Town shall require the developer to submit development plans for all proposed development within the drainage basin of any designated priority water body shall be submitted to the Water Management District for review and comment as to the consistency of the proposed development with any approved management plans within such basin prior to development review by the Town.

OBJECTIVE I.13 The Town, ~~upon adoption of this comprehensive plan,~~ shall permit essential services by a special-use permit in any zoning district.

Policy I.13.1 The Town shall permit by special exception in any zoning district essential services, which are hereby defined to include and be limited to water, sewer, gas, solid waste disposal, telephone, televisions, radio, electrical systems (including transmission lines ~~and substations~~) and telecommunication towers.

Policy I.13.2 **The Town shall allow electrical substations as a permitted use by right within all land use classifications, except Conservation future land use category and any Historic Preservation Overlay district as depicted on the Future Land Use Plan Map. New distribution electric substations should be constructed to the maximum extent practicable, to achieve compatibility with adjacent and surrounding land uses. The following standards intended to balance the need for electricity with land use compatibility shall apply to new distribution electric substations.**

- 1. In nonresidential areas, the distribution electric substation shall comply with the setback and landscaped buffer area criteria applicable to other similar uses in that district.**
- 2. In residential areas, a setback of up to 100 feet between the distribution electric substation property boundary and permanent equipment structures shall be maintained, as follows:**
 - a. For setbacks between 100 feet and 50 feet, an open green space shall be formed by installing native landscaping, including trees and shrub material. Substation equipment shall be protected by a security fence.**
 - b. For setback of less than 50 feet, a buffer wall 8 feet high or a fence 8 feet high with native landscaping shall be installed around the substation.**

TRAFFIC CIRCULATION TRANSPORTATION ELEMENT

INTRODUCTION

A traffic circulation system which provides for the safe and efficient movement of people and goods is needed to support existing and future development. The purpose of this plan element is to identify the types, locations and extent of existing and proposed major thoroughfares and transportation routes in the Town and establish a framework for making policy decisions in planning for future transportation needs.

The ~~Traffic Circulation-Transportation~~ Element is closely related to the Future Land Use Element. This is due to the inherent two-way relationship between land use and transportation. Land use patterns directly affect the demand for transportation facilities, with more intensive land uses generating more traffic and requiring greater degrees of accessibility. Conversely, the transportation network affects land use in that access provided by transportation facilities (existing or proposed) influences the use of land located adjacent to these facilities.

In addition to the Future Land Use Element, the ~~Traffic Circulation-Transportation~~ Element is coordinated and consistent with the remaining plan elements as required by the ~~Local Government Comprehensive Community~~ Planning Act ~~and accompanying Chapter 9J-5, Florida Administrative Code~~. Further, the Town's traffic circulation system does not stop at political boundaries. Therefore, coordination between other local governments is a necessary prerequisite to a functional traffic circulation system. The goal, objectives and policies of the Intergovernmental Coordination Element establish guidelines to be followed which provide for coordination between various governmental entities.

The following goal, objectives and policies of this plan element are intended to serve as the plan for traffic circulation needs. The objectives and policies herein provide a basis for addressing transportation needs within the Town.

TRAFFIC CIRCULATION TRANSPORTATION ELEMENT GOAL, OBJECTIVES AND POLICIES

GOAL II - PROVIDE FOR A **TRAFFIC CIRCULATION TRANSPORTATION** SYSTEM WHICH SERVES EXISTING AND FUTURE LAND USES.

OBJECTIVE II.1 The Town, ~~upon adoption of this comprehensive plan~~, shall establish a safe, convenient and efficient level of service standard which shall be maintained for all motorized and non-motorized transportation systems.

Policy II.1.1 Establish Level of Service Standard at peak hour as defined within the most recent version of the Florida Department of Transportation, ~~January 1989, "Florida Level of Service Standards and Guidelines Manual for Planning" Quality/Level of Service Handbook~~ for the following roadway segments within the Town:

Policy X.1.6.3 **The Town shall encourage the development of public/private partnerships which assist small and minority businesses that may otherwise not have access to adequate start up capital.**

**FLORIDA REGIONAL COUNCILS ASSOCIATION
LOCAL GOVERNMENT COMPREHENSIVE PLAN AMENDMENT REVIEW FORM 01**

Regional Planning Council: North Central FL
Review Date: 2/23/17
Amendment Type: Draft Amendment

Regional Planning Council Item No.: 28
Local Government: Lafayette County
Local Government Item No.: CPA 17-01
State Land Planning Agency Item No.: 17-1ESR

Date Mailed to Local Government and State Land Planning Agency: 2/24/17 (estimated)

Pursuant to Section 163.3184, Florida Statutes, Council review of local government comprehensive plan amendments is limited to adverse effects on regional resources and facilities identified in the strategic regional policy plan and extrajurisdictional impacts that would be inconsistent with the comprehensive plan of any affected local government within the region. A written report containing an evaluation of these impacts, pursuant to Section 163.3184, Florida Statutes, is to be provided to the local government and the state land planning agency within 30 calendar days of receipt of the amendment.

DESCRIPTION OF AMENDMENT

The County is amending 105 acres of the Future Land Use Plan Map from Conservation to Agriculture (less than or equal to 1 dwelling unit per 40 acres) (See attached).

1. ADVERSE EFFECTS TO SIGNIFICANT REGIONAL RESOURCES AND FACILITIES IDENTIFIED IN THE STRATEGIC REGIONAL POLICY PLAN

The subject property is located adjacent to State Road 51 which is identified in the North Central Florida Strategic Regional Policy Plan as a Regional Transportation Facility. Additionally, the subject property is located within Mallory Swamp and the North Central Florida Regional Ecological Greenway, which are identified and mapped as Natural Resources of Regional Significance in the Regional Plan. Nevertheless, significant adverse impacts are not anticipated to the regional facility or to the Natural Resources of Regional Significance as the County Comprehensive Plan contains adequate policy direction to protect the regional facility and the Natural Resources of Regional Significance.

2. EXTRAJURISDICTIONAL IMPACTS INCONSISTENT WITH THE COMPREHENSIVE PLANS OF LOCAL GOVERNMENTS WITHIN THE REGION

The County Comprehensive Plan, as amended, is not anticipated to create significant adverse impacts to adjoining local governments.
