**FLORIDA REGIONAL COUNCILS ASSOCIATION
LOCAL GOVERNMENT COMPREHENSIVE PLAN AMENDMENT REVIEW FORM 01**

Regional Planning Council: North Central Fl
Review Date: 2/23/23
Amendment Type: Adopted Amendment

Regional Planning Council Item No.: 22
Local Government: City of Newberry
Local Government Item No.: CPA 22-08
State Land Planning Agency Item No.: 22-6ESR

Date Mailed to Local Government and State Land Planning Agency: 2/24/23 (estimated)

Pursuant to Section 163.3184, Florida Statutes, Council review of local government comprehensive plan amendments is limited to adverse effects on regional resources and facilities identified in the strategic regional policy plan and extrajurisdictional impacts that would be inconsistent with the comprehensive plan of any affected local government within the region. A written report containing an evaluation of these impacts, pursuant to Section 163.3184, Florida Statutes, is to be provided to the local government and the state land planning agency within 30 calendar days of receipt of the amendment.

DESCRIPTION OF AMENDMENTS

City item CPA 22-08 reclassifies approximately 124.0 acres of land from Alachua County Rural/Agriculture (less than or equal to one dwelling unit per five acres) to Mining for a proposed expansion of an active mining operation (see attached).

1. ADVERSE EFFECTS TO SIGNIFICANT REGIONAL RESOURCES AND FACILITIES IDENTIFIED IN THE STRATEGIC REGIONAL POLICY PLAN

The subject property is not located within one-half mile of the Regional Road Network identified and mapped in the North Central Florida Strategic Regional Policy Plan. Therefore, no adverse impacts are anticipated to the Regional Road Network.

The subject property is located within an Area of High Recharge Potential to the Floridan Aquifer, a Natural Resource of Regional Significance as identified and mapped in the North Central Florida Strategic Regional Policy Plan. Nevertheless, significant adverse impacts are not anticipated to occur as a result of the amendment as the City Comprehensive Plan has adequate policy direction to mitigate adverse impacts to the Floridan Aquifer in a manner consistent with the goals and policies of the North Central Florida Strategic Regional Policy Plan.

2. EXTRAJURISDICTIONAL IMPACTS INCONSISTENT WITH THE COMPREHENSIVE PLANS OF LOCAL GOVERNMENTS WITHIN THE REGION

The City Comprehensive Plan, as amended, is not anticipated to create significant adverse impacts to adjoining local governments.

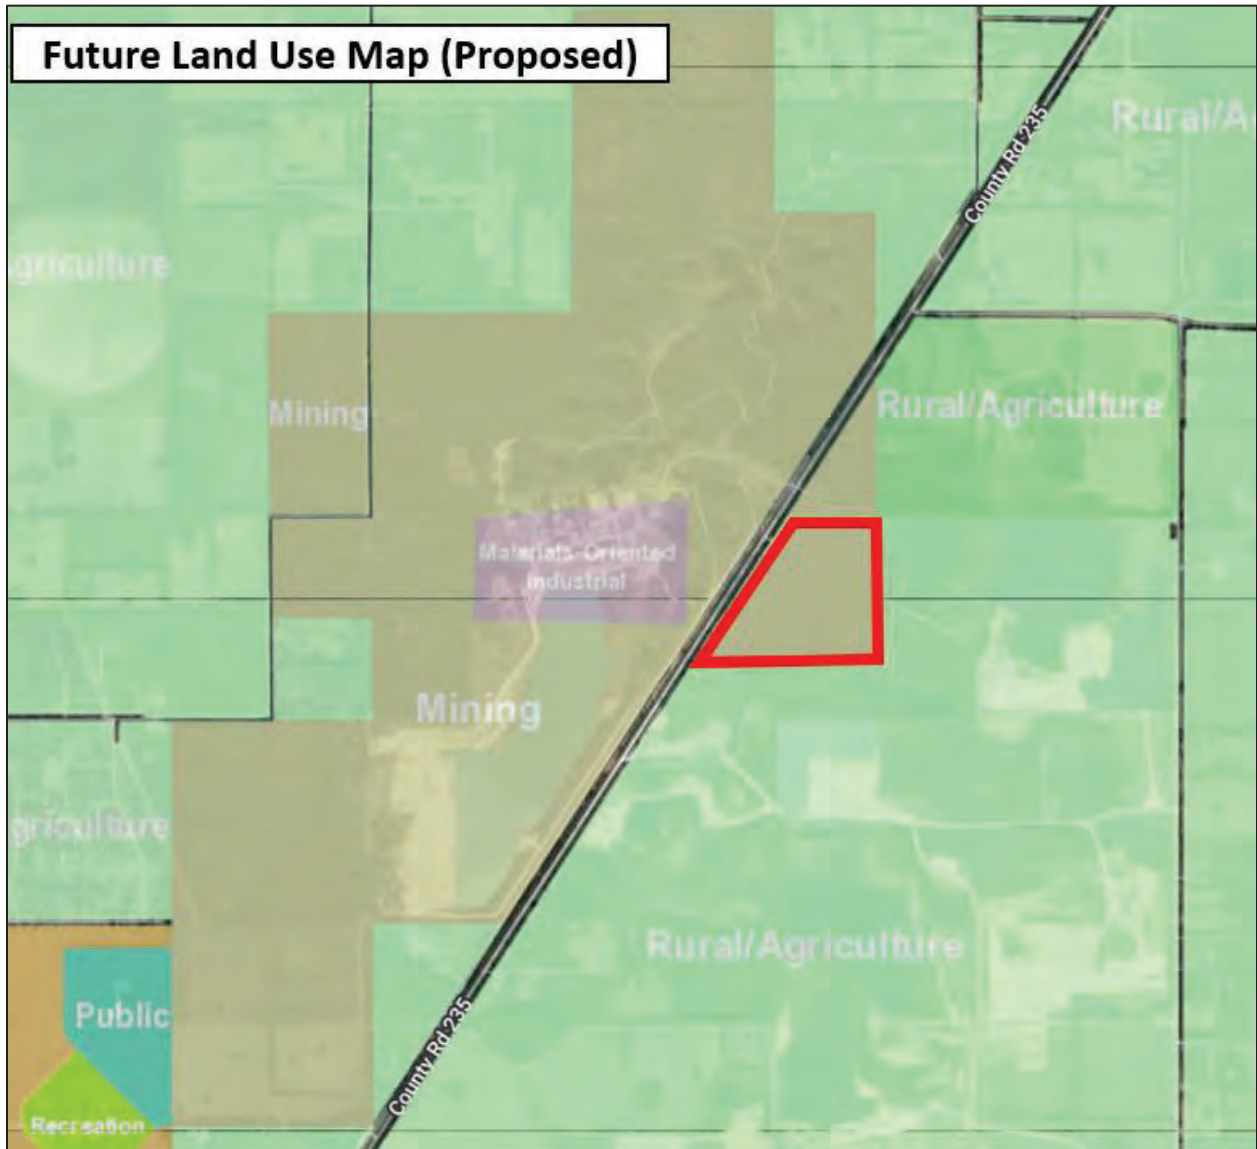

Request a copy of the adopted version of the amendment?

It is recommended that these findings be forwarded to the City and the Florida Department of Economic Opportunity.

**EXCERPTS FROM THE
CITY COMPREHENSIVE PLAN AMENDMENT**

As stated in this report, all properties adjacent to the subject property (including the subject property itself) either have existing or past mining activity and therefore, it is the predominant land use activity in the area. In addition, hundreds of acres to the west and north of the subject property currently have the same Mining future land use designation as proposed on the subject property, as indicated on the future land use map exhibit below:

As such, the proposed Mining future land use designation on the subject property is consistent with the City of Newberry’s adopted Comprehensive Plan future land use map and the subsequent pattern of existing land uses.

The proposed Comprehensive Plan future land use map change from County Rural/Agriculture to City Mining is also consistent with the applicable policies in the City of Newberry Comprehensive Plan, as indicated below:

Almost all of the abutting properties in all directions (and including the subject property) have either been part of a historic mining operation or is currently part of an existing, FDEP-permitted mining operation.

The existing shows the land uses within the immediate area:

Mining operations have been a part of the local Newberry economy for generations and as can be seen above, still is a major contributor by providing local jobs, materials for development/construction and contributions to the tax base. The change in the future land use designation to Mining will allow for the entirety of the subject property to again be utilized for mining operations (along with the existing permitted mining onsite), provided that all local permitting (Special Use Permit) and FDEP mining permit is secured subsequent to this map change. In addition, the proposed map change to Mining will be very consistent with the existing land use pattern in the immediate area.

Consistency with Comprehensive Plan

The City of Newberry Comprehensive Plan includes policies related to mining activities. Mining activities involve the extraction of raw materials from the earth in the rural/undeveloped areas of the city. As such, the appropriate future land use designation for lands in the rural/undeveloped area where these resources are located and are available and are proposed for extraction is Mining (as seen in this application request) and therefore, is consistent with the Comprehensive Plan.

LOCAL GOVERNMENT COMPREHENSIVE PLAN AMENDMENT REVIEW FORM 01**

Regional Planning Council: North Central Fl
Review Date: 2/23/23
Amendment Type: Adopted Amendment

Regional Planning Council Item No.: 24
Local Government: City of Newberry
Local Government Item No.: CPA 21-23
State Land Planning Agency Item No.: 21-8ESR

Date Mailed to Local Government and State Land Planning Agency: 2/24/23 (estimated)

Pursuant to Section 163.3184, Florida Statutes, Council review of local government comprehensive plan amendments is limited to adverse effects on regional resources and facilities identified in the strategic regional policy plan and extrajurisdictional impacts that would be inconsistent with the comprehensive plan of any affected local government within the region. A written report containing an evaluation of these impacts, pursuant to Section 163.3184, Florida Statutes, is to be provided to the local government and the state land planning agency within 30 calendar days of receipt of the amendment.

DESCRIPTION OF AMENDMENTS

City item CPA 21-23 reclassifies approximately 254.18 acres of annexed land from Alachua County Rural/Agriculture (less than or equal to one dwelling unit per five acres) to City Agriculture (less than or equal to one dwelling unit per five acres) (see attached).

1. ADVERSE EFFECTS TO SIGNIFICANT REGIONAL RESOURCES AND FACILITIES IDENTIFIED IN THE STRATEGIC REGIONAL POLICY PLAN

The subject property is located within one-half mile of U.S. Highway 27/U.S. Highway 41, which is identified and mapped in the North Central Florida Strategic Regional Policy Plan as part of the Regional Road Network. However, significant adverse impacts to regional facilities are not anticipated as the amendment will not result in an increase in intensity or density of use.

The subject property is located within an Area of High Recharge Potential to the Floridan Aquifer, a Natural Resource of Regional Significance as identified and mapped in the North Central Florida Strategic Regional Policy Plan. However, significant adverse impacts to regional facilities are not anticipated as the amendment will not result in an increase in intensity or density of use.

2. EXTRAJURISDICTIONAL IMPACTS INCONSISTENT WITH THE COMPREHENSIVE PLANS OF LOCAL GOVERNMENTS WITHIN THE REGION

The City Comprehensive Plan, as amended, is not anticipated to create significant adverse impacts to adjoining local governments.

Project Narrative -Cross City CDBG-MIT#IR028

The Town of Cross City was awarded \$994,622.59 in CDBG-MIT funds to increase drainage capacity in two low-lying housing authority neighborhoods. Heavy rains during Hurricane Irma caused significant flooding to two neighborhoods as well as road damage. The project will include installing curb inlets and drainage pipes and repairing damaged roads. The roadways that are being repaired run into or adjacent to the Northwest Florida Housing Authority. The first neighborhood includes NE 147th Street and NE 207th Avenue. The second neighborhood includes NE 106th Street and NE 226th Avenue. Construction is estimated to begin within 14 months of execution and completed in an estimated 4 months.

Project Description

The proposed town-wide project will bring high-speed broadband to the residents of Micanopy and will connect and provide six months of service at no cost to the Town's low-to-moderate income households. The project will address broadband deficiencies that the Town experienced during the COVID-19 pandemic and beyond.
