CERTIFICATE

The undersigned as the duly qualified and acting Secretary of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, hereby certifies that the annexed is a true and correct copy of Resolution 10- 4, which was adopted at a legally convened meeting of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, which meeting was held on the 10<sup>th</sup> day of May, A.D., 2010.

WITNESS my hand this 12<sup>th</sup> day of May, A.D., 2010.

  
\_\_\_\_\_  
Cynthia Moore Chestnut, Secretary

RESOLUTION 10-4

A RESOLUTION OF THE  
METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION  
FOR THE GAINESVILLE URBANIZED AREA  
APPROVING THE FISCAL YEARS 2010/2011-2014/2015  
TRANSPORTATION IMPROVEMENT PROGRAM;  
PROVIDING AN EFFECTIVE DATE.

WHEREAS, Title 23, §134, United States Code, requires that a coordinated, continuing, and comprehensive urban transportation planning process be carried on cooperatively by state and local areas of more than 50,000 population; and,

WHEREAS, Title 23, §134, United States Code, further requires that a metropolitan planning organization's urban transportation planning process shall include the annual development of a transportation improvement program that includes a staged, multi-year program of transportation improvement projects consistent with the long-range transportation plan (Cost Feasible Plan); and,

WHEREAS, the five-year Fiscal Years 2010/2011-2014/2015 Transportation Improvement Program was prepared for the Metropolitan Transportation Planning Organization (MTPO) for the Gainesville Urbanized Area by the North Central Florida Regional Planning Council, in cooperation with the Alachua County Public Works Department; MV Transportation; the City of Gainesville Public Works Department; the City of Gainesville Regional Transit System; the Florida Department of Transportation (FDOT); the Gainesville/Alachua County Regional Airport Authority; and the University of Florida; and,

WHEREAS, Section 339.175(7)(f), Florida Statutes, requires that the annual Transportation Improvement Program be submitted to the FDOT District Secretary and the Department of Community Affairs at least forty-five (45) days before FDOT's submission of the state transportation improvement program to the appropriate federal agencies;

NOW, THEREFORE, BE IT RESOLVED BY THE METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION FOR THE GAINESVILLE URBANIZED AREA:

1. That the Fiscal Years 2010/2011-2014/2015 Transportation Improvement Program is hereby approved.
2. That this resolution shall take effect immediately upon its adoption.

DULY ADOPTED in regular session, this 10<sup>th</sup> day of May, A.D., 2010.

METROPOLITAN TRANSPORTATION  
PLANNING ORGANIZATION FOR THE  
GAINESVILLE URBANIZED AREA

## **EXECUTIVE SUMMARY**

### **PURPOSE**

The purpose of the Transportation Improvement Program (TIP) is to identify all transportation projects (including pedestrian and bicycle transportation facilities and enhancement projects) within the Gainesville Metropolitan Area (GMA) to be funded by Alachua County, the City of Gainesville, the Florida Department of Transportation (FDOT) the University of Florida, Title 23 United States Code (USC) and the Federal Transit Act. The TIP identifies all regionally significant transportation projects for which Federal Highway Administration (FHWA) or Federal Transit Administration (FTA) approval is required whether or not the projects are to be funded with Title 23 USC or Federal Transit Act funds (e.g., addition of an interchange to the Interstate System).

### **FINANCIAL PLAN**

The TIP is financially constrained for each year and the federally-funded projects identified in the TIP can be implemented using current and proposed revenue sources based on the Florida Department of Transportation (FDOT) Tentative Five Year Work Program and locally dedicated transportation revenues. Tables 5 through 15 identify programmed transportation project funding and funding sources. As part of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) legislation, the MTPO received additional funding for SAFETEA-LU High Priority Projects. These projects are not in this edition of the TIP since they were programmed for implementation in the Fiscal Year 2009/2010 - 2013/2014 TIP. Below is a summary of transportation funding by Federal, State and Local sources.

SOURCE	YEARLY FUNDING (in thousands)					SUM
	10/11	11/12	12/13	13/14	14/15	
<b>FEDERAL</b>	\$41,984	\$15,709	\$13,707	\$12,843	\$8,231	\$92,474
<b>STATE</b>	\$9,290	\$17,884	\$7,360	\$3,643	\$3,144	\$41,321
<b>LOCAL</b>	\$22,927	\$28,781	\$6,790	\$8,122	\$5,500	\$72,120
<b>TOTAL</b>	\$74,201	\$60,992	\$27,857	\$24,608	\$16,875	\$205,915

In accordance with 23 CFR 450.324 (h), the financial plan for transportation operations and maintenance within this TIP contains system level estimates of costs and revenue sources that are reasonably expected to be available to adequately operate and maintain Federal-Aid highways (as defined by 23 U.S.C. 101(a)(5)) and public transportation (as defined by title 49 U.S.C. Chapter 53). Examples include, but are not limited to, resurfacing projects and other road maintenance, traffic signal maintenance and streetlighting projects identified within this TIP.

## **CONSISTENCY WITH OTHER PLANS**

The projects contained in the TIP are consistent with the Metropolitan Transportation Planning Organization's (MTPO) long range transportation plan and congestion management system (CMS). In addition, the projects contained in the TIP are consistent, to the maximum extent feasible, with aviation master plans, transit development plans, transportation disadvantaged service plans, adopted university campus master plans, adopted local government comprehensive plans of the City of Gainesville and Alachua County and the Florida Strategic Highway Safety Plan.

## **PROJECT SELECTION AND PRIORITY STATEMENT**

Project selection has been carried out in accordance with federal requirement 23 CFR 450.332 (a). The criteria and process for prioritizing implementation of this transportation plan has been in accordance with federal requirements and any changes in priorities from the previous TIP have been approved by the MTPO. All projects selected are consistent with federal requirements and the FDOT Tentative Five Year Work Program. All projects are financially feasible for the appropriate funding category and they represent the MTPO's project priorities.

Project prioritization has been done by the MTPO through its advisory committees and citizen involvement. The specific criteria for prioritization has historically been based on the Gainesville Metropolitan Area Year 2025 Transportation Plan, also known as, the Livable Community Reinvestment Plan. This Plan includes a prioritized list of cost feasible projects.

The Livable Community Reinvestment Plan is the primary source for prioritization of Surface Transportation Program-funded projects. Alachua County and City of Gainesville Public Works Department staffs are the primary source for prioritization of Traffic Operations-funded projects. The Alachua County Traffic Safety Team is the primary source for prioritization of Safety-funded projects. The Bicycle/Pedestrian Advisory Board, using the Alachua Countywide Bicycle Master Plan, is the primary source for prioritization of Enhancement-funded projects. The Alachua County Transportation Disadvantaged Coordinating Board is the primary source for prioritization of Transportation Disadvantaged-funded projects. The Gainesville/Alachua County Regional Airport staff, using the Airport Master Plan, is the primary source for prioritization of Airport-funded projects. Regional Transit System staff, using its Transit Development Plan, is the primary source for prioritization of Transit-funded projects. The FDOT Work Program is the primary source for identifying funding for Interstate, railroad and resurfacing projects on the State Highway System. See Appendix G for additional information.

## **CHANGES TO PRIORITIES**

With one exception, there have been no significant changes to project priorities in the TIP. In response to a grant application, the City of Gainesville was awarded Safe Routes to School funding to construct sidewalks along NE 19<sup>th</sup> Place from NE 9<sup>th</sup> Street to NE 15<sup>th</sup> Street. See the following Status of Major Projects section for more information.

## STATUS OF MAJOR PROJECTS

Exhibit I compares the status of project development and environmental studies (PD&E), major road construction, resurfacing, safety, transit and transportation enhancement projects in the GMA in last year's TIP and this year's TIP.

## MANAGEMENT SYSTEMS

Work continues to implement management systems required for the GMA by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU). As management system data become available, they will be used and incorporated in the development of the TIP. This will happen primarily through the annual development of transportation priorities that are developed over the spring and forwarded to FDOT in July of each year. The CMS for the GMA has been fully operational since October 1, 1997.

## SAFETY AND SECURITY IN THE TRANSPORTATION PLANNING PROCESS

The Florida Department of Transportation supports a network of Community Traffic Safety Teams. These Teams are comprised of state and local technical expertise for transportation system management and planning, public safety, including police and fire personnel, and education. In addition to MTPO staff, the Alachua County Traffic Safety Team (ACTST) is comprised of representatives from:

STATE OF FLORIDA	ALACHUA COUNTY	CITY OF GAINESVILLE
Florida Department of Transportation	Alachua County Fire Rescue	Gainesville Fire Rescue
Florida Highway Patrol	Alachua County School Board	Gainesville Police Department
University of Florida (UF) T2 Center	Alachua County Sheriff's Office	Public Works Department
UF Facilities Planning & Construction	Public Works Department	-

The MTPO receives ACTST recommendations for safety-funded projects in the TIP. Appendix D identifies those projects for Fiscal Years 2010/2011-2014/2015 that received safety funds.

Currently, the focus of transportation system security is on airport facilities. Appendix E identifies those projects for Fiscal Years 2010/2011-2014/2015 that received funding to address security-related issues.

## CERTIFICATION

The MTPO for the Gainesville Urbanized Area's current certification was completed on February 26, 2010. At this time, the anticipated date for the next certification review is in March 2011.

NOTE: FDOT transportation project phase codes include: ADM- administration; CAP- capital; CST- construction; DES- design; DSB- design and build; ENV- environment; LAP- local agency program; LAR- local area reimbursement; OPS- operating; PE- preliminary engineering; PLN- planning; ROW- right-of-way; and RRU- railroad and utilities.

## **TRANSPORTATION PROJECTS WITH PRELIMINARY ENGINEERING IDENTIFIED IN THE FIRST YEAR OF THE TIP**

Transportation projects with preliminary engineering identified by FDOT in the first year of the TIP are provided to assist the MTPO in identifying those projects which may be scheduled for referral to the MTPO Design Team. Projects which have preliminary engineering scheduled for fiscal year 2009/2010 are listed in the matrix below.

The Local Agency Program (LAP) provides for implementation transportation projects by a local agency. At times, transportation projects are advanced, may be funded by a local agency, to an earlier time period in the TIP, and then that local agency is reimbursed by FDOT in a later time period in the TIP. LAP projects that are on hold from fiscal years 2006/2007 through 2009/2010 or are scheduled for fiscal year 2010/2011 are listed in the matrix below.

Occasionally, local agency transportation system modification projects are large and/or significant enough to be considered for referral to the MTPO Design Team. Local agency construction projects which have construction scheduled for fiscal year 2010/2011 are listed in the matrix below.

<b>NUMBER</b>	<b>PROJECT</b>	<b>FDOT PROJECT NUMBER</b>	<b>PAGE NUMBER</b>	<b>MAP NUMBER</b>

(PAGE LEFT BLANK INTENTIONALLY)

# **I**

## **INTRODUCTION**

The contents of this Transportation Improvement Program (TIP) document include federal, state and local government-funded transportation projects. Chapter V of this TIP identifies all federal, state and local transportation projects for five fiscal years- 2010/2011 through 2014/2015. This TIP is developed to be consistent with federal and state requirements by incorporating project information primarily provided by the following state and local agencies:

1. Florida Department of Transportation (FDOT) District 2;
2. Alachua County Public Works Department;
3. City of Gainesville Public Works Department;
4. City of Gainesville Regional Transit System (RTS);
5. Gainesville/Alachua County Regional Airport Authority;
6. University of Florida; and
7. Alachua County Community Transportation Coordinator (CTC).

## **PURPOSE**

The purpose of the TIP is to:

1. coordinate needed transportation projects with respect to timing, location and source of funding;
2. schedule transportation projects over time so that the various steps logically follow one another; and
3. establish a five-year schedule for future transportation projects within the GMA.

## **PROJECT SELECTION**

The project selection process for the development of this TIP has been carried out in accordance with federal requirements, specifically, 23 United States Code (USC) 134 (h) (2) and (I) (4). The MTPO takes input from various agencies and advisory groups to develop its transportation project priority recommendations. These priorities are contained in the MTPO List of Priority Projects, which is submitted annually to the Florida Department of Transportation.

## **ENHANCEMENT PROJECT SELECTION**

All projects programmed in the FDOT Tentative Five Year Work Program to receive enhancement funds have been prioritized and approved by the MTPO for the Gainesville Urbanized Area. According to SAFETEA-LU, the selection of TIP projects:

"In metropolitan areas for projects involving Federal participation shall be carried out by the State in cooperation with the metropolitan planning organization."

## **PROJECT PRIORITY STATEMENT**

All projects selected to be included in this TIP:

1. are consistent with SAFETEA-LU;
2. are financially feasible for the appropriate funding category; and
3. represent the MTPO's project priorities.

## **TRANSPORTATION PLANS AND PROGRAMS- EIGHT METROPOLITAN PLANNING FACTORS TO BE CONSIDERED**

The following is a listing of the factors to be considered in the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) that was enacted August 10, 2005 as Public Law 109-59. As required by SAFETEA-LU, these factors are being addressed in the development of transportation plans and programs.

**FACTOR 1** The metropolitan transportation planning process shall provide for consideration of projects and strategies that will support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;

**FACTOR 2** The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the safety of the transportation system for motorized and nonmotorized users;

**FACTOR 3** The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the security of the transportation system for motorized and nonmotorized users;

**FACTOR 4** The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the accessibility and mobility options available to people and for freight;

**FACTOR 5** The metropolitan transportation planning process shall provide for consideration of projects and strategies that will protect and enhance the environment, promote energy conservation, and improve quality of life;

FACTOR 6 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;

FACTOR 7 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will promote efficient system management and operation; and

FACTOR 8 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will emphasize the preservation of the existing transportation system.

### **PROCESS USED TO DEVELOP TRANSPORTATION IMPROVEMENT PROGRAM (TIP)**

The following steps outline the planning process used in developing the TIP:

#### **Step 1 - March 2010 TIP Preparation**

FDOT District 2 staff provides the MTPO with a copy of the Tentative Five Year Work Program that was recently submitted to the State Legislature.

The draft TIP is prepared including all projects, scheduled for the five fiscal year period from 2010/2011-2014/2015, which are located within the GMA. These projects were contained in or obtained from:

1. FDOT District 2's Tentative Five Year Work Program;
2. Alachua County's latest tentative Transportation Improvement Program;
3. the City of Gainesville's latest adopted annual budget, and
4. the University of Florida Facilities Planning and Construction Division.

#### **Step 2 - March 2010 Public Notice**

The MTPO has an approved Public Involvement Plan. The purpose of plan is to provide a process to involve the public, including private transportation operators, in the transportation planning process. This process provides an opportunity to participate in the annual development of the TIP in accordance with Chapter 339.175(7), Florida Statutes.

MTPO staff provides notification of meetings when the TIP is scheduled for review and approval by the MTPO and its Advisory Committees, the Bicycle/Pedestrian Advisory Board (B/PAB), the Citizens Advisory Committee (CAC) and Technical Advisory Committee (TAC), through the news media, thereby providing an opportunity to participate in the development of the TIP. Notice is also provided to the Clerk of the City of Gainesville for placement of meeting notices on the City's Community Calendar. In addition, the dates and locations of all TIP review meetings are publicized in the listing of meetings of the week in the local newspaper. The TIP is also on the [www.ncfrpc.org](http://www.ncfrpc.org) website. This is done to inform the general public and other interested persons, including private and public transportation operators, who may want to review and comment on the TIP.

### Step 3- April 2010 Public Input

The B/PAB, CAC and TAC review the draft TIP, hear comments from interested agencies, citizens and organizations then make recommendations to the MTPO. In addition, the Alachua County Transportation Disadvantaged Coordinating Board (ACTDCB) reviews the transportation disadvantaged program projects and the Regional Transit System Advisory Board (RTSAB) reviews transit projects contained in the TIP.

### Step 4- April 2010 TIP Approval

The MTPO receives the recommendations of the CAC, TAC and the B/PAB, hears comments from interested citizens, organizations and agencies and approves the TIP.

## **GAINESVILLE METROPOLITAN AREA**

For projects in metropolitan areas involving Federal participation, SAFETEA-LU regulations provide that TIP project selection shall be carried out by the State in cooperation with the metropolitan planning organization (MPO). Title 23 United States Code 134(C) and 23 Code of Federal Regulations 450.308 provide for the establishment of transportation planning boundaries for MPOs. In addition, the FDOT Transportation Planning Boundaries Procedure Manual describes a process and criteria for developing transportation planning boundaries. Illustration I shows the boundary established for the MTPO Gainesville Metropolitan Area.

## **AMENDMENTS**

The TIP can be amended at any time. Projects amended in the TIP are financially feasible and thereby demonstrate fiscal constraint. The following steps outline the TIP amendment process:

Step 1- Proposed amendment is submitted to MTPO staff by the implementing agency.

Step 2- MTPO staff prepares the material for presentation to the Advisory Committees.

Step 3- The Advisory Committees review material and make recommendations to the MTPO.

Step 4- The MTPO reviews the Advisory Committee's recommendations, hears comments from interested citizens, organizations and agencies and decides whether to amend the TIP.

[illegible]

5

## **REMOVING STATE PROJECTS FROM THE TIP**

Florida Statutes Chapter 339.175 (7) (d) provides for the removal of projects from the TIP. Wherein, projects included in the TIP and that have advanced to the design stage of preliminary engineering may be removed from or rescheduled in a subsequent TIP only by joint action of the MTPO and FDOT. Except when recommended in writing by the FDOT District Secretary for good cause, any project removed from or rescheduled in a subsequent TIP shall not be rescheduled by the MTPO in that subsequent program earlier than the 5th year of such program.

## **SCHOOL SAFETY CONCERN PROJECTS**

Florida Statutes, Chapter 339.175(5)(d), gives the TAC responsibility for identifying and recommending to the MTPO projects contained in its long range transportation plan or TIP which deserve to be classified as a school safety concern. The statute requires the MTPO to vote whether to classify each project contained in the TAC's recommendation as a school safety concern. If a project has been identified by the MTPO as a school safety concern, the local governmental entity responsible for the project shall consider at least two alternatives before making its decision about the project location or alignment.

Chapter IV contains transportation projects that have been identified as school safety concern projects by the TAC and the MTPO.

## **CONSISTENCY WITH OTHER PLANS**

All improvements included in the TIP are consistent with the MTPO's long range plan and congestion management system and, to the maximum extent feasible, with:

1. aviation master plans;
2. transit development plans;
3. transportation disadvantaged service plans;
4. adopted university campus master plans;
5. adopted local government comprehensive plans of the City of Gainesville and Alachua County;
6. the North Central Florida Strategic Regional Policy Plan; and
7. the Florida Strategic Highway Safety Plan (SHSP).

## II

### **GUATS YEAR 2025 (LONG RANGE) TRANSPORTATION PLAN SUMMARY**

#### **GAINESVILLE METROPOLITAN AREA YEAR 2025 TRANSPORTATION PLAN- LIVABLE COMMUNITY REINVESTMENT PLAN**

The adopted Gainesville Metropolitan Area Year 2025 Transportation Plan- Livable Community Reinvestment Plan is a multimodal plan which is based upon transportation strategies concerning bicycle, highway, mass transit and pedestrian facilities. These strategies are contained in the following planning documents:

- A. Adopted Year 2025 Needs Plan and Adopted Year 2025 Cost Feasible Plan (for highway projects and special multimodal corridor studies);
- B. Integrated Land Use and Transportation Sketch Planning Methods Report;
- C. Alachua Countywide Bicycle Master Plan; and
- D. Plan East Gainesville Final Report.

#### **YEAR 2025 LIVABLE COMMUNITY REINVESTMENT NEEDS PLAN**

At its August 30, 2005 meeting, the MTPO adopted the Year 2025 Livable Community Reinvestment Needs Plan. This Plan identifies major modifications to the transportation network which are expected to be needed by the year 2025 in order to address projected patterns and volumes of traffic.

This adopted Year 2025 Livable Community Reinvestment Needs Plan seeks to balance roadway projects with transit projects and non-vehicle improvements. Gainesville Metropolitan Area-wide improved traffic flow was determined to be the most critical need for the area's roadways. In addition, east-west capacity modifications were determined to be a critical need, particularly modifications to SW 20th Avenue/Student Village Area and the Depot Avenue corridor. For transit, the evaluation showed that enhanced fixed-route service helps to resolve some of the congestion problems. In addition, various travel demand management (TDM) measures, such as flexible work schedules and carpooling have increased the efficiency of the transportation network. A combination of roadway capacity and enhanced transit service improvements were assembled from the alternatives for the adopted Year 2025 Livable Community Reinvestment Needs Plan.

## **YEAR 2025 LIVABLE COMMUNITY REINVESTMENT COST FEASIBLE PLAN**

The MTPO adopted the Year 2025 Livable Community Reinvestment Cost Feasible Plan on November 3, 2005. This Plan is made up of bicycle, pedestrian, roadway construction and transit projects which are contained in the adopted Year 2025 Livable Community Reinvestment Needs Plan and expected to be funded through the year 2025. During the adopted Year 2025 Livable Community Reinvestment Needs Plan development, the limitation of funding was not a consideration. However, the development of the adopted Year 2025 Livable Communities Reinvestment Cost Feasible Plan matches the highest priority needs with anticipated future funding levels. The metropolitan planning rules under SAFTEA-LU require that only those financial resources that can "reasonably be expected to be available" can be used to identify existing and projected revenues. If a funding source is not currently available, strategies must be included in the plan to ensure its availability for proposed investments. These projects are then listed in priority order.

The first priority listed on the adopted Year 2025 Livable Community Reinvestment Cost Feasible Plan list consists of the upgrade of the traffic management system as described in the Gainesville Traffic Signal Master Plan. The intent of this top priority project is to have a coordinated traffic signal system that facilitates better traffic flow within the GMA. This project and all other projects are listed in Table 1 and Illustration II.

### **TRANSPORTATION AND COMMUNITY AND SYSTEM PRESERVATION (TCSP) PILOT PROGRAM- INTEGRATED LAND USE AND TRANSPORTATION SKETCH PLANNING METHODS**

In 2001, the MTPO was awarded a TCSP Pilot Program grant to develop integrated land use and transportation strategies. The Gainesville Metropolitan Area 2025 Transportation Plan-Livable Community Reinvestment Plan continues to incorporate these integrated land use and transportation strategies for the GMA.

### **ALACHUA COUNTYWIDE BICYCLE MASTER PLAN**

Alachua County, the City of Gainesville and FDOT funded development of the 2001 Bicycle Master Plan. This plan identifies existing facilities and their levels of service and additional facility needs to provide for a safe and convenient countywide bicycle facility network. The MTPO approved the Alachua Countywide Bicycle Master Plan Addendum in 2004. The Addendum consolidates bicycle facility segments featured in the Bicycle Master Plan into shorter range priorities.

### **PLAN EAST GAINESVILLE FINAL REPORT**

Plan East Gainesville, funded by Alachua County, the City of Gainesville, Gainesville Regional Utilities and FDOT, was approved in 2003. The community vision of this report

*"entails a comprehensive economic revitalization plan that achieves a balance of environmental preservation with land development and improved transportation mobility."*

Plan East Gainesville includes four elements: future land use, conservation, transportation and implementation. The Future Land Use Element describes tiered land uses that focus on several walkable mixed-use activity centers with easy access to public transportation. The Conservation Element describes a unique integrated greenway system that will serve several inter-related purposes, such as neighborhood connectivity, water quality enhancement and stormwater management. The Transportation Element describes a multimodal transportation system that focuses high intensity mobility on a Bus Rapid Transit system and low intensity mobility on the greenway network trails. The Implementation Element describes short and long term strategies to address the objectives stated in the future land use, conservation and transportation elements.

### **CITY OF GAINESVILLE TRANSPORTATION CONCURRENCY EXCEPTION AREA**

The primary concept that has been developed for transportation in the City is the Transportation Concurrence Exception Area (TCEA). The designation of TCEA by the City of Gainesville Comprehensive Plan involves the delineation of all areas in which level of service standards are not required to be achieved in order to promote other goals and objectives of state, regional and local plans. These objectives are infill development and redevelopment, enhanced pedestrian, bicycle and mass transit facilities and reduction in vehicle miles travelled and greenhouse gas emissions. The TCEA, which covers the entire City, is partitioned into six subareas, Zones A, B, C, D, E and M. The zones are distinguished by different development criteria.

### **GAINESVILLE METROPOLITAN AREA CONGESTION MANAGEMENT SYSTEM- FREIGHT MOVEMENT**

The MTPO has maintained a Congestion Management System (CMS) since October, 1997. A major component of the CMS is the heavy truck route system. This truck route system was established to facilitate interregional freight movement. To address the significant congestion within the Gainesville Metropolitan Area, particularly in proximity to the University of Florida, the Florida Department of Transportation, at the request of the MTPO, placed signage on the State Highway System roadways to identify the truck route system. In addition, the City of Gainesville and MTPO, in October, 2003, requested that the Florida Department of Transportation consider designating South 16th Avenue (State Road 226) from Archer Road (State Road 24) to Williston Road (State Road 331) as State Road 24A. In April, 2004, the Florida Department of Transportation conducted a public hearing on this redesignation.

The Florida Intrastate Highway System/Strategic Intermodal System facilities, consisting of State Road 26 to Interstate 75 to State Road 331 to State Road 20 or State Road 26, comprise the west-to-east corridors. Freight movement from south-to-north is accomplished by more circuitous routes:

1. West Loop- State Road 121 to Interstate 75 to State Road 222 to US 441 or State Road 121 or State Road 24; and
2. East Loop- State Road 331 (intercepting US 441) to State Road 24 to State Road 222 to US 441 or State Road 121 or Interstate 75.

### **III**

## **TRANSPORTATION IMPROVEMENT PROGRAM**

### **ORGANIZATION**

Chapter IV identifies all transportation projects that are programmed for Fiscal Years 2010/2011 through 2014/2015 in either FDOT's Tentative Five Year Work Program, the latest tentative Alachua County TIP, University of Florida transportation modification projects or programmed modifications by the City of Gainesville. The projects are grouped by transportation mode and by modification type. While TIP presentation methodology has been modified to be more user-friendly, projects are still stratified by projected year of each phase of construction. Projects on the maps and tables have been cross-referenced as appropriate. The project tables also indicate which projects include a federal funding component.

### **PROJECT INFORMATION**

The following project information is included for each transportation project where appropriate:

1. Project Name / Description;
2. Segment From and To;
3. FDOT Project Number (FN);
4. Length in Miles;
5. Work Description;
6. Project Phase Code (status) and Costs in Thousands;
7. Funding Category or Code; and
8. Federal funds used in project.

### **FUNDING CATEGORY OR CODES**

Abbreviations used for funding source information for each transportation project are provided in Table 3.

**TABLE 3**

**LEGEND TO TRANSPORTATION PROJECTS AND  
FUND CODES FOR TRANSPORTATION PROJECTS**

<b>CODE</b>	<b>FEDERAL FUNDS</b>	<b>TYPE FUNDS</b>
ACNH	YES	Advanced Construction National Highway
ACSA	YES	Advanced Construction STP (Surface Transportation Program)- Any Area
ACSE	YES	Advanced Construction STP – Enhancement
ACSL	YES	Advanced Construction STP (population over 200,000)
ACSS	YES	Advanced Construction STP - Safety Related
BA	YES	Donor Bonus - Any Area
BL	YES	Donor Bonus - Areas with Population less than or equal to 200,000
BOND	NO	County Bonding Program
BNDS	NO	State Funds From Amendment 4 Gas Tax Monies
BRRP	NO	Bridge Repair
BRT	YES	Federal Bridge Replacement - On System
BRTZ	YES	Federal Bridge Replacement - Off System
BU	YES	Donor Bonus, Areas with Population greater than 200,000
CIGP	NO	County Incentive Grant Program
CITY	NO	City of Gainesville Funds
CM	YES	Congestion Management – AQ
D1	NO	Unrestricted State Primary Funds
D2	NO	Mass Transit (State Primary - Aviation)
D3	NO	Mass Transit (State Primary - Transit)
DDR	NO	Dedicated District Revenue
DO	NO	State Funds- S/W Interstate/Intrastate Highway
DIH	NO	State Funds in House Planning Activities
DPE	NO	Primary Funds for Preliminary Engineering
DPTO	NO	Dedicated Public Transportation Office
DS	NO	State Funds direct through District 2
DSL	NO	Local Government Cooperative Program
DTO	NO	Funds Reimbursable From Bond Funds
DU	NO*	Advanced From State Primary Funds to be reimbursed by FTA
EB	YES	Equity Bonus
FAA	YES	Federal Aviation Administration (FAA)
FCO	NO	Fixed Capital Outlay
FSSE	YES	Federal Stimulus ARRA Enhancement
FSSL	YES	Federal Stimulus- ARRA Areas with population less than or equal to 200,000
FTA	YES	Federal Transit Administration (FTA)
FTAT	YES	FHWA (Federal Highway Administration) Transfer to FTA
GMR	NO	Growth Management Revenue
GT	NO	Alachua County Funds (Gas Tax)
HPP	YES	SAFETEA-LU High Priority Project (Federal Earmark funding)
HSP	YES	Highway Safety Program
IF	NO	Alachua County Funds (Impact Fees)
IM	YES	Interstate Maintenance
IMAC	YES	Interstate Maintenance Advance Construction
IR	YES	Interstate Rehabilitation
IRD	YES	Interstate Development

ROW	Right-of-Way Support
RRU	Railroad and Utilities

## IV

### **5 -YEAR FEDERAL, STATE AND LOCAL FUNDED PROJECTS**

The U.S. Congress expressed, through passage of Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA), its desire to promote and provide greater local control and improved facilitation of comprehensive transportation planning. ISTEA gave planning organizations expanded responsibilities and authority in numerous areas, including TIP development and long range plan development. SAFETEA-LU continues to promote and provide greater local control and improved facilitation of comprehensive transportation planning.

### **PURPOSE**

The purpose of this Chapter is to illustrate how the MTPO's priorities are to be funded. This Chapter contains a 5-year project listing and a funding summary for all transportation projects within the Gainesville Metropolitan Area (GMA) which are programmed for Fiscal Years 2010/2011 through 2014/2015 that contain federal, state or local funds. This Chapter is organized by funding category and improvement type. This Chapter addresses the SAFETEA-LU requirements for TIP development cited in Title 23 USC Section 134 (subsections (h)2 and (I)4).

SAFETEA-LU maintains ISTEA-based funding categories, such as Surface Transportation Program (STP) funds. SAFETEA-LU continues funding for the ISTEA-established National Highway System (NHS) and for the completion and maintenance of the Interstate Highway System. SAFETEA-LU continues the opportunity for flexibility in project funding. The STP still provides the flexibility to shift funds between roadway and transit improvements to best address system deficiencies. Congestion Mitigation/Air Quality and STP enhancement programs, established under ISTEA, continue in SAFETEA-LU to provide road and transit agencies funds for addressing environmental concerns. The following 13 funding categories are represented in this year's TIP:

1. National Highway (NH), advanced construction (NHAC);
2. Highway Safety Program (HSP);
3. STP Over 200,000 (DU);
4. STP Regular (SA & SB);
5. STP Enhancement (SE);
6. STP Safety Related (SR & SS);
7. Federal Transit Administration (FTA & FTAT);
8. Federal Aviation Administration (FAA);
9. Planning (PL)
10. FDOT Revenue (CIGP,D, DDR, DIH, DPTO, DS, FCO, TDDR, TDTF & TRIP);  
and
11. Local Funds (Alachua County, City of Gainesville and University of Florida).

## CONTENTS

The organization of TIP projects' maps and tables modification type is shown in Illustration III. The modification types programmed in this TIP include: airport, bicycle, drainage, intersection, interstate/interchange, pedestrian (including school safety concern), railroad, resurfacing/repaving, road construction and transit (including mass transit and transportation disadvantaged). Additional categories described in this TIP include: the GMA's transportation enhancement-funded projects and safety-related projects.

## PROJECT SELECTION

As a part of the TIP development process, project proposals are solicited from various agencies, including FDOT, as well as from Alachua County, the City of Gainesville and the University of Florida. The Advisory Committees evaluate all projects and review them for their effectiveness and consistency with the adopted Gainesville Metropolitan Area Year 2025 Transportation Plan.

## CONCLUDING STATEMENTS

Concluding statements applicable to the content and scope of this Chapter of the TIP are:

- This Chapter is presented in order to fulfill federal requirements as noted in Section 134 of Title 23, USC (SAFETEA-LU).
- Projects using major categories of federal funds are noted in this Chapter.
- The projects shown in this section are consistent with the FDOT Tentative Five Year Work Program.
- Federal funds can reasonably be expected to be made available for those projects that are indicated to be funded in whole or part with federal funds included in this Chapter.
- The MTPO develops project priorities on applicable funding categories in consultation with the FDOT. FDOT develops project priorities on the NHS and Interstate System in cooperation with the MTPO.

**5-YEAR LOCALLY FUNDED PROJECTS**

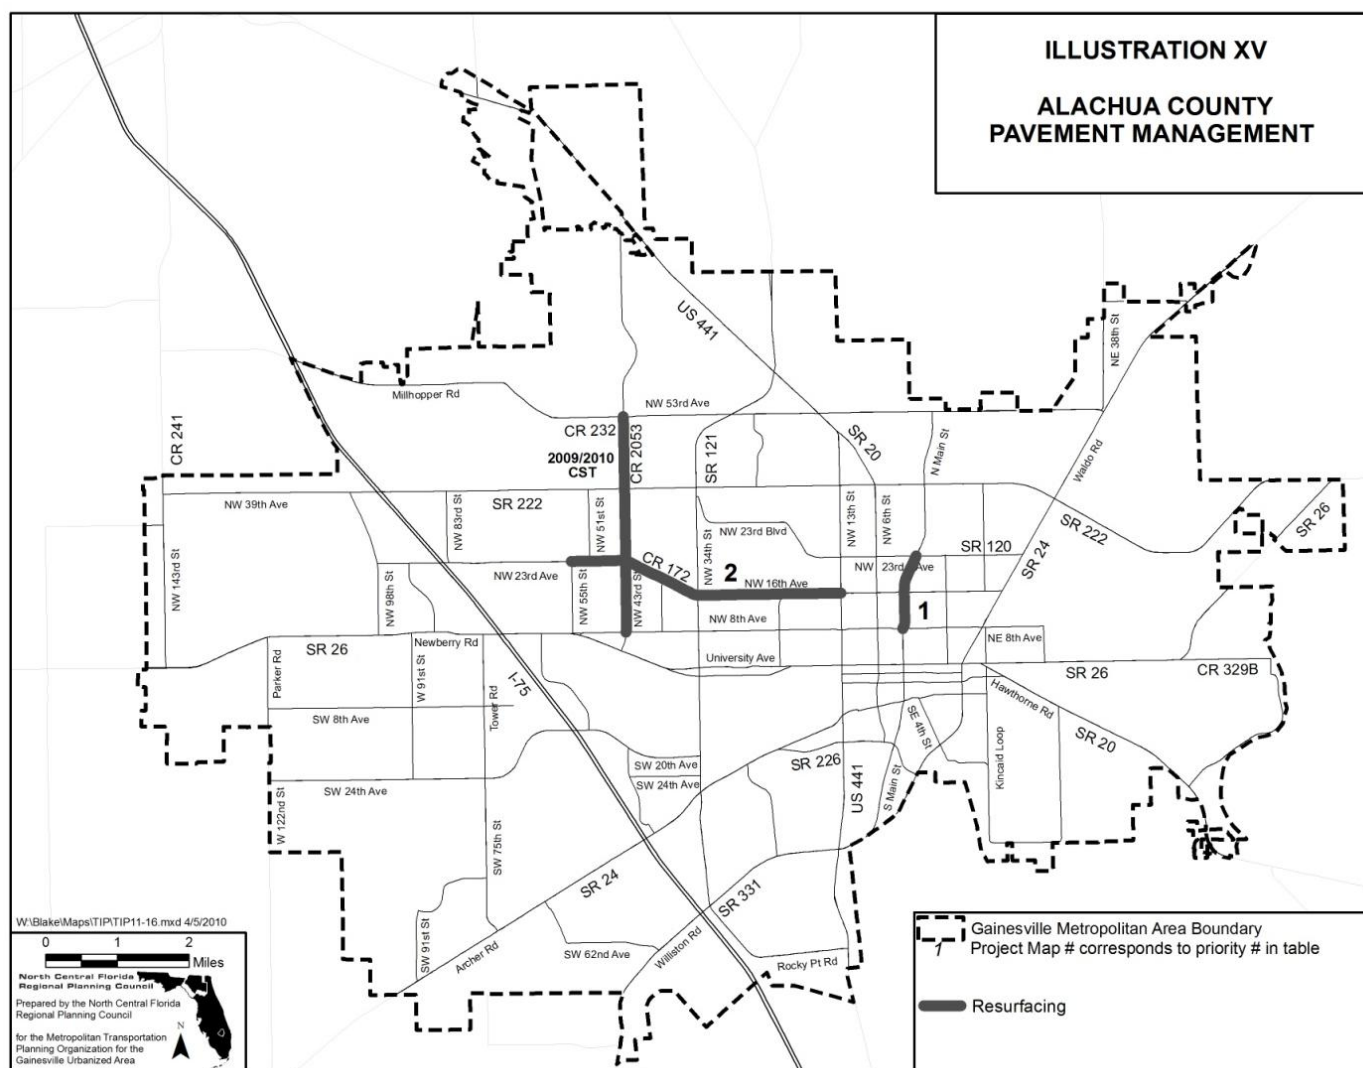

This Chapter contains a 5-year project listing and a funding summary for all transportation projects within the Gainesville Metropolitan Area (GMA) which are programmed for Fiscal Years 2010/ 2011 through 2014/2015 that contain local funds only. These represent projects programmed by Alachua County, City of Gainesville and the University of Florida.

## VI

### **TRANSPORTATION DISADVANTAGED ELEMENT**

#### **TRANSPORTATION IMPROVEMENT PROGRAM ELEMENT**

According to Rule 41-2.009(2) of the Florida Administrative Code (FAC), and Chapter 427.015(1), Florida Statutes (F.S.), a transportation disadvantaged element must be included in the Metropolitan Planning Organization's (MPO) Transportation Improvement Program (TIP). This element is required to include:

*"a project and program description, the planned costs and anticipated revenues for the services, identification of the year the project or services are to be undertaken and implemented and assurances that there has been coordination with local public transit and local government comprehensive planning bodies."*

In preparing the TIP, there has been coordination with the City of Gainesville Regional Transit System (RTS) and the planning departments of both Alachua County and the City of Gainesville. There has also been coordination with MV Transportation, Incorporated (the local Community Transportation Coordinator) and the Florida Department of Transportation (FDOT) District 2.

### **ORGANIZATION**

This element contains programmed transportation disadvantaged funds identified in FDOT's Tentative Five Year Work Program for Fiscal Years 2010/2011 through 2014/2015 for Alachua County. As shown in Table 16, the following funding information is provided for each project for transportation disadvantaged persons where appropriate:

1. name of agency or organization utilizing transportation disadvantaged funding;
2. the dollar amount of transportation disadvantaged funds for each fiscal year; and
3. the category of funding expenditure and Tentative Five Year Work Program project number.

## TRANSPORTATION DISADVANTAGED PROGRAM PROJECTS

Funding expenditures for projects for transportation disadvantaged persons in Alachua County identified in Table 16 are categorized by the following components:

- A: Planning: Funding allocated for data collection, processing, evaluation and summarization of transportation needs, operations or programs for each fiscal year. This includes studies that are entirely devoted to transportation disadvantaged subjects and also costs for the transportation components of any more inclusive studies.
- B: Capital - Vehicles: Funding allocated for the purchase of vehicles which are used for disadvantaged passenger transportation for each fiscal year.
- C: Capital - Other: Funding allocated for fixed assets such as buildings, communication devices, test equipment, tools, computer hardware, computer software and miscellaneous equipment for each fiscal year.
- D: Operating (All): Funding allocated for operating and maintaining disadvantaged passenger transportation functions (gas, oil, salaries, parts, rent and insurance), i.e. the value of transportation services to be purchased from external for-profit and nonprofit providers for each fiscal year.

## VII

### **PUBLIC INVOLVEMENT AND SERVICE EQUITY**

Citizen involvement in the TIP process is promoted through the MTPO's Public Involvement Process which was developed and adopted pursuant to 23 CFR 450.316(b)(1) requirements. The MTPO's Public Involvement Plan describes a process to involve the public, including private transportation operators, in the transportation planning process, including the annual development of the TIP, in accordance with Chapter 339.175(7), Florida Statutes. In addition, the MTPO's Public Involvement Plan, which was last updated in December 2009, includes strategies to address service equity, including outreach to socioeconomic communities that have traditionally been underrepresented in the transportation planning process. The MTPO also sponsors workshops and charrettes, as necessary, regarding projects in the TIP. The TIP is also on the [www.ncfrpc.org](http://www.ncfrpc.org) website.

MTPO staff provides local news media notification of meetings when the TIP is scheduled for review and approval by the MTPO and its Advisory Committees, thereby providing citizens an opportunity to participate in the development of the TIP. To inform the general public and other interested persons who may want to review and comment on the TIP, public notice is also provided through the Clerk of the City of Gainesville, who places meeting notices on City's Community Calendar and in the local newspaper's listing of public meetings of the week.

### **FREIGHT SHIPPERS**

The MTPO maintains a database of freight shippers that serve and/or are based in the Gainesville Metropolitan Area. Correspondence is sent to the freight shippers inviting them to participate in the development of the TIP.

### **PUBLIC TRANSPORTATION USERS**

The MTPO coordinates with Regional Transit System (RTS) staff for public involvement in the development of the TIP. The Regional Transit System Advisory Board provides input for transit projects to be included in the TIP. In addition, RTS staff conducts transit forums to gather public input. The Alachua County Transportation Disadvantaged Coordinating Board (ACTDCB), which includes public transportation users, provides input for transportation disadvantaged projects to be included in the TIP. Each year, MTPO staff solicits input from RTS and ACTDCB for projects to be included in the TIP. The MTPO maintains a database of freight shippers that serve and/or are based in the Gainesville Metropolitan Area. Correspondence is sent to the freight shippers inviting them to participate in the development of the TIP.

## **PUBLIC COMMENT AND COMMENT TRACKING**

In accordance with SAFETEA-LU requirements, significant written or oral public comments provided to the MTPO regarding projects in the TIP are maintained in the MTPO's TIP General File. Comment summaries and subsequent MTPO action/response are included in this TIP in Appendix J.

## **TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENT LOG**

The following log of projects are approved amendments to the Fiscal Years 2010/2011-2014/2015 Transportation Improvement Program (TIP). This TIP amendment log, Exhibit III, includes the following information:

1. TIP amendment number (as assigned by MTPO staff);
2. Date TIP amendment was approved by the Metropolitan Transportation Planning Organization (MTPO)
3. TIP amendment purpose, including, but not limited to:
  - A. Adding a new project;
  - B. Changing an existing project (refer to project description); and
  - C. Deleting an existing project; and
4. Project description, including:
  - A. Project location;
  - B. Florida Department of Transportation (FDOT) Finance Number (FN) identification number, if applicable;
  - C. Type work;
  - D. Project year;
  - E. Project funding; and
  - F. Project fund codes.

This information will be incorporated into TIP chapters V, VI and VII as the TIP is amended in order to assure the consistency and accuracy of an up-to-date TIP document.

## **REGIONAL TRANSIT SYSTEM PROJECT SUPPLEMENT**

This appendix contains a complete listing of Regional Transit System (RTS) projects as requested by RTS. RTS produces an annual Transit Development Plan (TDP) which includes all programs and projects which RTS would desire to implement. The purpose of this appendix is to identify those projects which are included in RTS' currently adopted TDP, but not necessarily included in the current Florida Department of Transportation (FDOT) Work Program. Exhibit IV includes projects identified in the TDP.

Although some of these projects have not yet been funded, they are listed to provide project descriptions and funding information for the Metropolitan Transportation Planning Organization (MTPO). When projects become funded, either by FDOT or other sources, the TIP will be amended to move those respective projects to the appropriate Federal, State and Local Funded Projects listings of the document in order to be consistent with the FDOT Work Program.

## **EXHIBIT IV**

### **REGIONAL TRANSIT SYSTEM PROJECT SUPPLEMENT FISCAL YEARS 2010/11 - 2014/15 TRANSPORTATION IMPROVEMENT PROGRAM**

Regional Transit System has not provided any additional transit project information to be included in this TIP.

**APPENDIX D**

**SAFETY-FUNDED AND  
OTHER SAFETY-RELATED PROJECTS  
IN FISCAL YEARS 2010/2011-2014/2015  
TRANSPORTATION IMPROVEMENT PROGRAM**

(PAGE LEFT BLANK INTENTIONALLY)

## **SAFETY-FUNDED AND OTHER SAFETY-RELATED PROJECTS**

Surface Transportation Program (STP) funds which are used for safety-related projects include SP, SR and SS funds. Safety criteria, such as crash data, are used to determine eligibility for the allocation of safety funds.

### **Consistency with Strategic Highway Safety Plan (23 CFR 450.324(c))**

This TIP contains projects that are consistent with or support the Strategic Highway Safety Plan Vision, Mission and Goals. The emphasis areas of the Strategic Highway Safety Plan (SHSP) include: aggressive driving, lane departure crashes, intersection crashes and vulnerable road users (pedestrian/bicycle/motorcycle).

SHSP projects are derived from analyzing data and focusing resources to projects that are identified through the analysis of data. The data is used to focus decisions and safety solutions on projects and initiatives that provide the greatest improvement opportunities.

Data analyzed included state/ local/regional crash data, injury data, speed citations, roadway traffic volumes, railroad crossing incidents, hazardous material incidents, and identifying potential danger to motorized, freight shipping, pedestrians, bicyclists and transit riders.

Table D-1 shows the Safety-Funded and Safety-Related projects in the Fiscal Years 2010/2011-2014/2015 Transportation Improvement Program that satisfy the consistency of the SHSP and reflect the goals and objectives of the program.

**TABLE D-1****SAFETY-FUNDED AND OTHER SAFETY-RELATED PROJECTS**

**APPENDIX E**

**SECURITY-RELATED PROJECTS  
IN FISCAL YEARS 2010/2011 - 2014/2015  
TRANSPORTATION IMPROVEMENT PROGRAM**

(PAGE LEFT BLANK INTENTIONALLY)

## SECURITY-RELATED PROJECTS

Safe, Accountable, Efficient, Flexible Transportation Equity Act: A Legacy for Users (SAFETEA-LU) funds have been allocated for security-related projects. Security criteria are used to determine eligibility for the allocation of these funds.

Table E-1 shows the Security-Related projects in the Fiscal Years 2010/2011-2014/2015 Transportation Improvement Program.

**TABLE E-1**

## SECURITY-RELATED PROJECTS

SECURITY-RELATED PROJECTS		FISCAL YEAR (FY) COSTS (\$000)

Airport Revenue/Ops (4045176)	Alachua Sheriff's Office and Gainesville Police	-	-	-	350	-

(PAGE LEFT BLANK INTENTIONALLY)

**APPENDIX F**

**SERVICE EQUITY  
SUPPLEMENTAL INFORMATION**

(PAGE LEFT BLANK INTENTIONALLY)

## **SERVICE EQUITY SUPPLEMENTAL INFORMATION**

### **SERVICE EQUITY**

Service equity seeks to identify the needs of low income and minority populations in examining the distributions of benefits and impacts of transportation investments (i.e. highway and transit projects in the long range transportation plan (LRTP) and Transportation Improvement Program (TIP)) across these groups.

### **PURPOSE**

The purpose of this appendix is to identify different socioeconomic groups within the Gainesville Metropolitan Area (GMA) in order to serve as a source of reference to assess "service equity" as described in the Fiscal Years 2009/10 - 2010/11 Unified Planning Work Program (UPWP). The socioeconomic groups identified for assessment include low-income, minority, elderly and disabled populations. The source of this socioeconomic group data is the United States Census 2000. Furthermore, this appendix specifically examines the five most heavily concentrated socioeconomic block groups and census tracts within the GMA. This data can be used for planning purposes, on a priority-level basis, to evaluate the needs of Gainesville residents and assess the adequacy of transportation projects in the future.

### **FEDERAL CERTIFICATION REQUIREMENT**

CFR (23 CFR 450.334(a) requires that the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area annually certify to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) that its planning process is addressing the major issues facing the metropolitan area and is being conducted in accordance with Title VI of the Civil Rights Act of 1964. Compliance with Title VI is addressed in the certification process in Section VII- Service Equity.

## **YEAR 2000 U.S. CENSUS SOCIOECONOMIC INFORMATION**

### **DEFINITIONS**

Disabled- Includes persons with a physical or mental impairment that substantially limits one or more of their major life activities.

Elderly- Any U.S. citizen 65 years and older.

Low-Income- Defined by the U.S. Department of Health and Human Services in accordance with the U.S. Census 2000. Table F-1 shows the Year 2009 low- income-by-family size criteria.

**TABLE F-1**  
**2009 LOW-INCOME FAMILY CRITERIA**

(note: This table still needs to be updated!)

<b>SIZE OF FAMILY UNIT</b>	<b>CONTIGUOUS STATE &amp; D.C.</b>
1	\$10,400
2	\$14,000
3	\$17,600
4	\$21,200
5	\$24,800
6	\$28,400
7	\$32,000
8	\$35,600
For each additional person, add:	\$3,600

SOURCE: Federal Register Online, FR Doc. 08-256, Filed 1-18-08.  
U.S. Department of Health and Human Services Annual  
Update of the HHS Poverty Guidelines

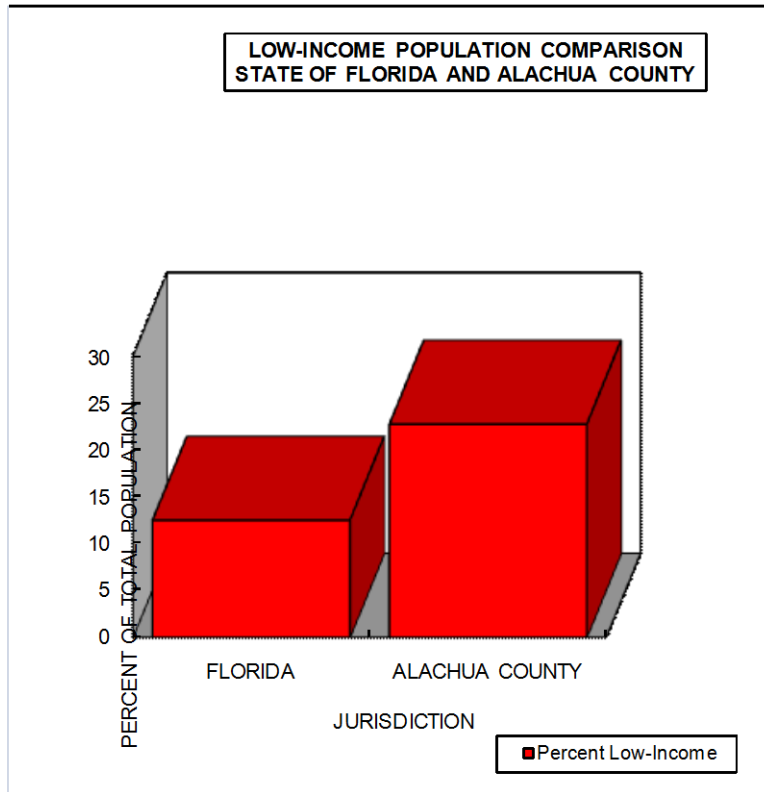

Minority- The U.S. Census 2000 identifies Racial Categories to include American Indian or Alaskan Native, Asian or Pacific Islander, Black and White population segments. For the purposes of the appendix, Minority population will include all of the following with the exception of the White Racial Category.

## **EVALUATION**

Year 2000 Census data for the State of Florida and Alachua County was evaluated for low-income status. Exhibit F-1 shows that the ratio of persons living in low-income status in Alachua County is nearly double that of the State of Florida.

Year 2000 Census data for the State of Florida and Alachua County was evaluated for Minority status. Exhibit F-2 shows that the ratio of Minority persons in Alachua County is 20 percent higher than that of the State of Florida.

### EXHIBIT F-1

### EXHIBIT F-2

Year 2000 Census data for Alachua County was evaluated for the five most heavily concentrated socioeconomic block groups and census tracts within the GMA. Table F-2 identifies the census tracts and block groups with heavy concentration disabled, elderly, low-income and minority socioeconomic groups within the GMA. Illustration F-1 shows the relationship of the location of these socioeconomic group concentrations and roadway facilities operating at an unacceptable level of service.

**TABLE F-2**  
**SOCIOECONOMIC COMMUNITY CONCENTRATION**  
**IN THE GAINESVILLE METROPOLITAN AREA**  
**2000 U.S. CENSUS**

<b>SOCIOECONOMIC GROUP</b>	<b>RANK</b>	<b>CENSUS TRACT</b>	<b>BLOCK GROUP</b>	<b>PERCENT POPULATED</b>

	2	6	2	96.7
	3	7	1	96.1
	4	6	4	94.9
	5	7	5	94.1

NA- Census data is suppressed for these block groups.

## ILLUSTRATION F-1

**RELATIONSHIP OF MAJOR PROJECTS  
IN THE TRANSPORTATION IMPROVEMENT PROGRAM  
AND SERVICE EQUITY IN THE GAINESVILLE METROPOLITAN AREA**

The Fiscal Years 2010/2011-2014/2015 Transportation Improvement Program includes four major projects. These projects consist of the:

1. Alachua County Transportation Disadvantaged Program, which provides paratransit service countywide;
2. Regional Transit System, which provides fixed-route transit service and paratransit service within the Gainesville Metropolitan Area;
3. Main Street Reconstruction Project, which provides for the reconstruction of this facility from Depot Avenue to North 8th Avenue as a two-lane divided roadway with bicycle facilities and onstreet parking; and
4. SE 16th Avenue 4-Laning Project, which provides for increased capacity of this facility from Main Street to Williston Road. Once completed, this project will allow for the rerouting of State Road 24 away from the congested University of Florida campus area.

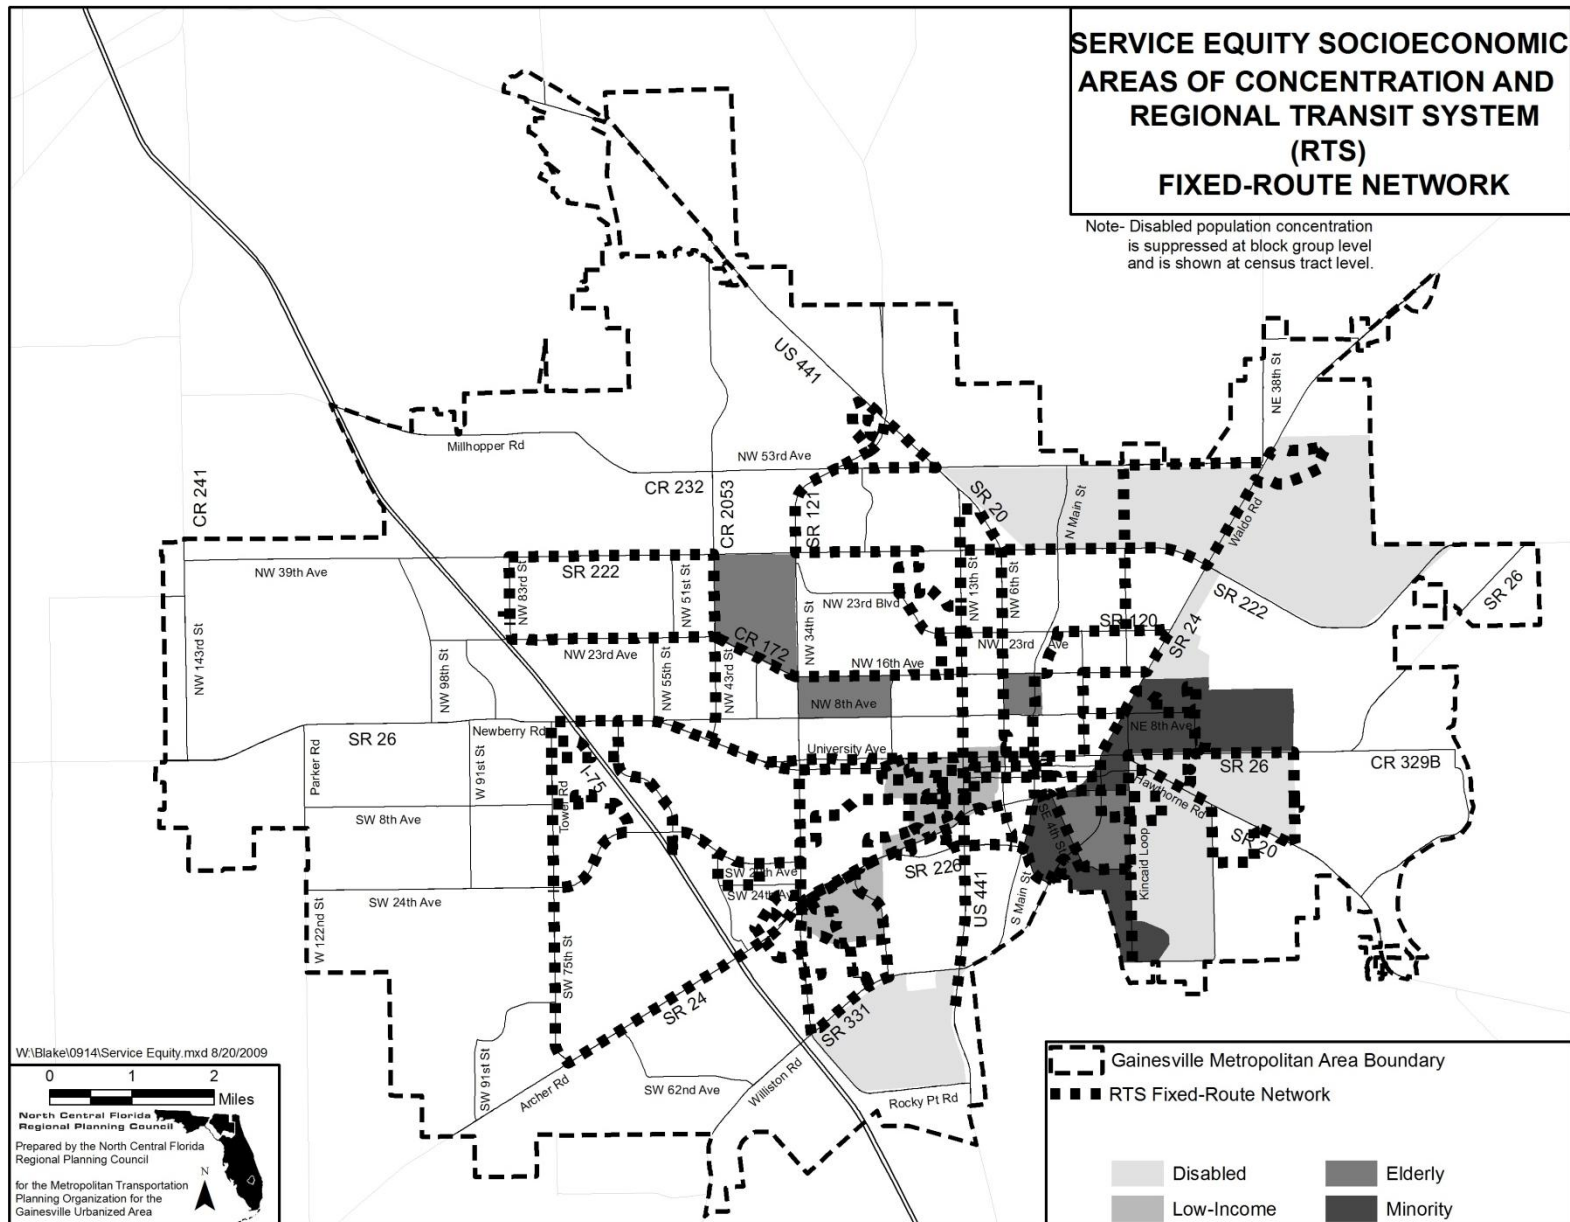

In addition, the Fiscal Years 2010/2011-2014/2015 Transportation Improvement Program includes the purchase of lift-equipped vans for the Alachua County Transportation Disadvantaged Program and lift-equipped buses for the Regional Transit System main bus (fixed-route) fleet with Surface Transportation Program (STP) funds.

**EVALUATION**

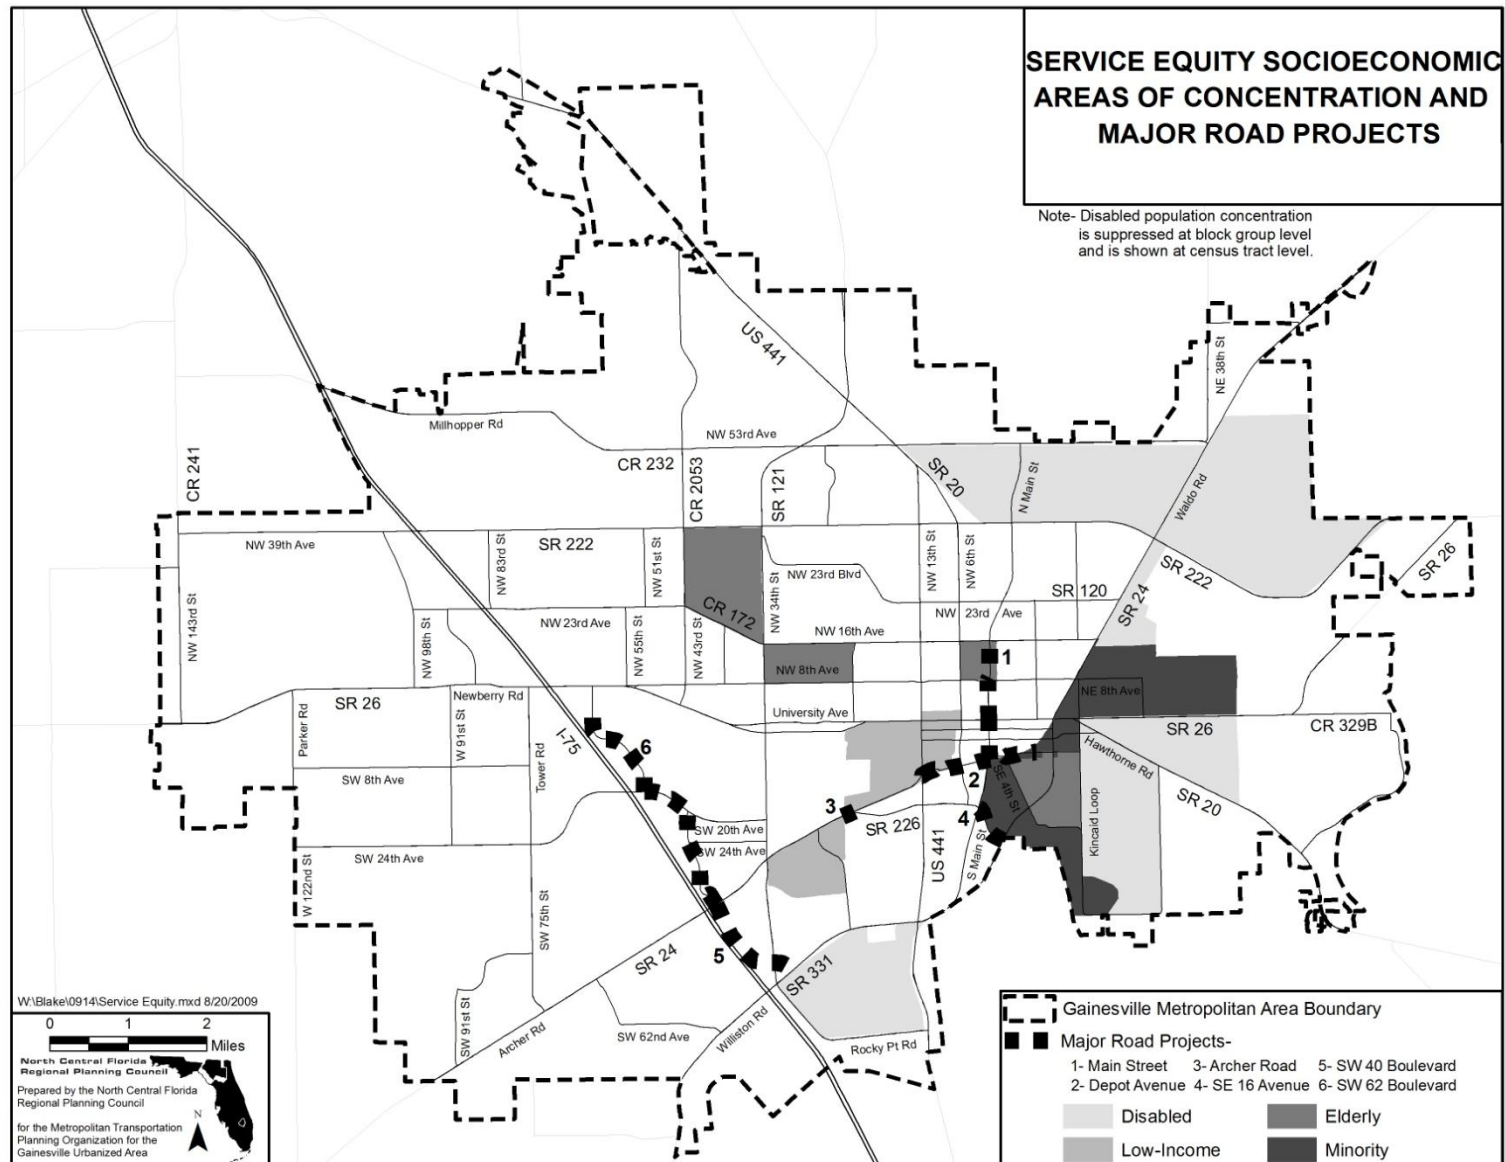

Alachua County Transportation Disadvantaged Program is provided countywide to serve persons who are elderly, disabled and/or low-income in accordance with priorities set by the Alachua County Transportation Disadvantaged Board. Illustration F-2 shows the relationship of four socioeconomic concentrations and the RTS fixed-route network. Illustration F-3 shows the relationship of four socioeconomic concentrations with the Main Street Reconstruction Project.

## **APPENDIX G**

# **TIP PROJECT SELECTION PROCESS**

(PAGE LEFT BLANK INTENTIONALLY)

## PROJECT SELECTION PROCESS

In conformance with Federal regulations, the Metropolitan Transportation Planning Organization (MTPO) updates its long range transportation plan (LRTP) every five years. The current LRTP is known as the Year 2025 Livable Community Reinvestment Plan. The LRTP contains a prioritized, cost feasible list of transportation system projects to accommodate mobility and maintain an acceptable level of service for the transportation system within the Gainesville Metropolitan Area. The LRTP is implemented using the Transportation Improvement Program (TIP) process. Table G-1 identifies projects in the TIP that are also in the LRTP.

The TIP process requires the MTPO to develop a List of Priority Projects. This document is forwarded to the Florida Department of Transportation (FDOT). FDOT considers the MTPO List of Priority Projects in its development of the draft Tentative Work Program. FDOT submits the Tentative Work Program for Alachua County to the MTPO for review and comment. The MTPO, in turn, submits its comment on the draft Tentative Work Program to FDOT. After considering the MTPO comments, FDOT transmits the (revised) draft Tentative Work Program to the MTPO in order to develop the TIP. The MTPO develops its TIP and transmits it to FDOT. Illustration G-1 shows the TIP process.

To implement the Year 2025 Livable Community Reinvestment Plan and transportation system maintenance projects, tables in the MTPO List of Priority Projects were developed as follows:

1. Table 1- Enhancement Priorities- Recommendations developed by the Bicycle/Pedestrian Advisory Board using the Alachua Countywide Bicycle Master Plan for guidance, are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*Bicycle facility projects funded in the TIP are identified in Table 6- Bicycle Facility Projects (Independent)*

*Pedestrian facility projects funded in the TIP are identified in Table 12- Pedestrian Projects (Independent)*

2. Table 2- Landscaping Priorities- recommendations developed by the City of Gainesville Arborist [subsequent priorities will be developed by the MTPO Design Team] are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*Landscaping projects funded in the TIP are identified in Table 10- Landscaping Projects.*

3. Table 3- Project, Development and Environment (PD&E) Study Priorities- recommendations developed by the MTPO staff based on Year 2025 Cost Feasible Plan priorities are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*Major PD&E studies funded in the TIP are identified in Table 15- Road Construction Projects.*

4. Table 4- Public Transportation Priorities- recommendations developed by the Regional Transit System (RTS) for Federal Transit Administration (FTA) funding, based on the RTS Transit Development Plan. This category includes: commuter assistance projects; intermodal facility projects; park-and-ride facility projects railroad right-of-way projects; transit system projects. These priorities are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*FTA-funded commuter assistance, non-airport intermodal facility, park-and-ride facility and transit system projects and Surface Transportation Program (STP)-funded transit projects funded in the TIP are identified in Table 17- Transit- Regional Transit System Projects.*

*Railroad facility projects funded in the TIP are identified in Table 13- Railroad Projects.*

5. Table 5- Right-Of-Way Priorities- recommendations developed by the MTPO staff, based on Year 2025 Cost Feasible Plan priorities, are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*Major Right-Of-Way projects funded in the TIP are identified in Table 15- Road Construction Projects.*

6. Table 6- Safe Routes to School Priorities- recommendations developed by the Alachua County Traffic Safety Team (ACTST), with the assistance of School Board of Alachua County (SCAB) staff, are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval. [Alachua County/City of Gainesville staff to the ACTST file Safe Routes to School funding applications with FDOT.]

*Bicycle facility projects funded in the TIP are identified in Table 6- Bicycle Facility Projects (Independent)*

*Pedestrian facility projects funded in the TIP are identified in Table 12- Pedestrian Projects (Independent)*

7. Table 7- Safety Priorities- recommendations developed by the Alachua County Traffic Safety Team are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*Safety projects funded in the TIP are identified in Table 8- Intersection Projects.*

8. Table 8- Strategic Intermodal System Priorities- recommendations developed by the Alachua County/Gainesville Regional Airport Authority Director, based on the Airport Master Plan and the Florida Department of Transportation Strategic Intermodal System (SIS) Strategic Plan, are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*Airport-related SIS or SAFETEA-LU High Priority Projects and other SIS projects funded in the TIP are identified in Table 15- Road Construction Projects.*

9. Table 9- Surface Transportation Program (STP) Fund Priorities- recommendations based on Year 2025 Cost Feasible Plan priorities and then reviewed by the other MTPO Advisory Committees; this category includes: bicycle facility projects; Non-State resurfacing projects; pedestrian facility (including school safety concern) projects; road construction and reconstruction projects; streetlighting; and additional public transportation, traffic operations and transportation disadvantaged projects. These priorities are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*STP-funded road construction projects funded in the TIP are identified in Table 15- Road Construction Projects.*

10. Table 10- Traffic Operations Priorities- recommendations developed jointly by the City and County Public Works Departments. This category includes: congestion management system (CMS) projects; intelligent transportation system (ITS) projects; and intersection modification projects. These priorities are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*Traffic Operations projects funded in the TIP are identified in Table 8- Intersection Projects.*

11. Table 11- Transit Corridor Development Priorities- recommendations developed by the MTPO staff, based on outlying community transit service requests, are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*Transit Corridor Development projects, in which Alachua County, the City of Gainesville and/or MTPO are grant recipients, funded in the TIP are identified in Table 17- Transit- Regional Transit System Projects.*

12. Table 12- Transportation Disadvantaged Priorities-- recommendations developed by the Alachua County Transportation Disadvantaged Coordinating Board, using Transportation Disadvantaged Trust Fund funding, are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*Transportation Disadvantaged Trust Fund projects funded in the TIP are identified in Table 18- Transit- Transportation Disadvantaged Program Projects.*

13. Table 13- Transportation Disadvantaged Priorities- recommendations developed by the Alachua County Transportation Disadvantaged Coordinating Board for Section 5311 grant funds are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*Section 5311 projects funded in the TIP are identified in Table 18- Transit- Transportation Disadvantaged Program Projects.*

14. Table 14- Transportation Regional Incentive Program (TRIP) Priorities- recommendations developed by the MTPO staff, based on Year 2025 Cost Feasible Plan priorities and the MTPO, City of Gainesville, Alachua County and neighboring counties initiative to participate in TRIP, are forwarded the MTPO Advisory Committees for review and recommendation which are the forwarded to the MTPO for review and approval.

*TRIP-Traffic Operations projects funded in the TIP are identified in Table 8- Intersection Projects.*

*TRIP-Road Construction projects funded in the TIP are identified in Table 15- Road Construction Projects.*

In addition to local-funded projects, the TIP includes the following project categories:

*Federal Aviation Administration- funded projects, based on the Airport Master Plan, funded in the TIP are identified in Table 5- Airport Projects.*

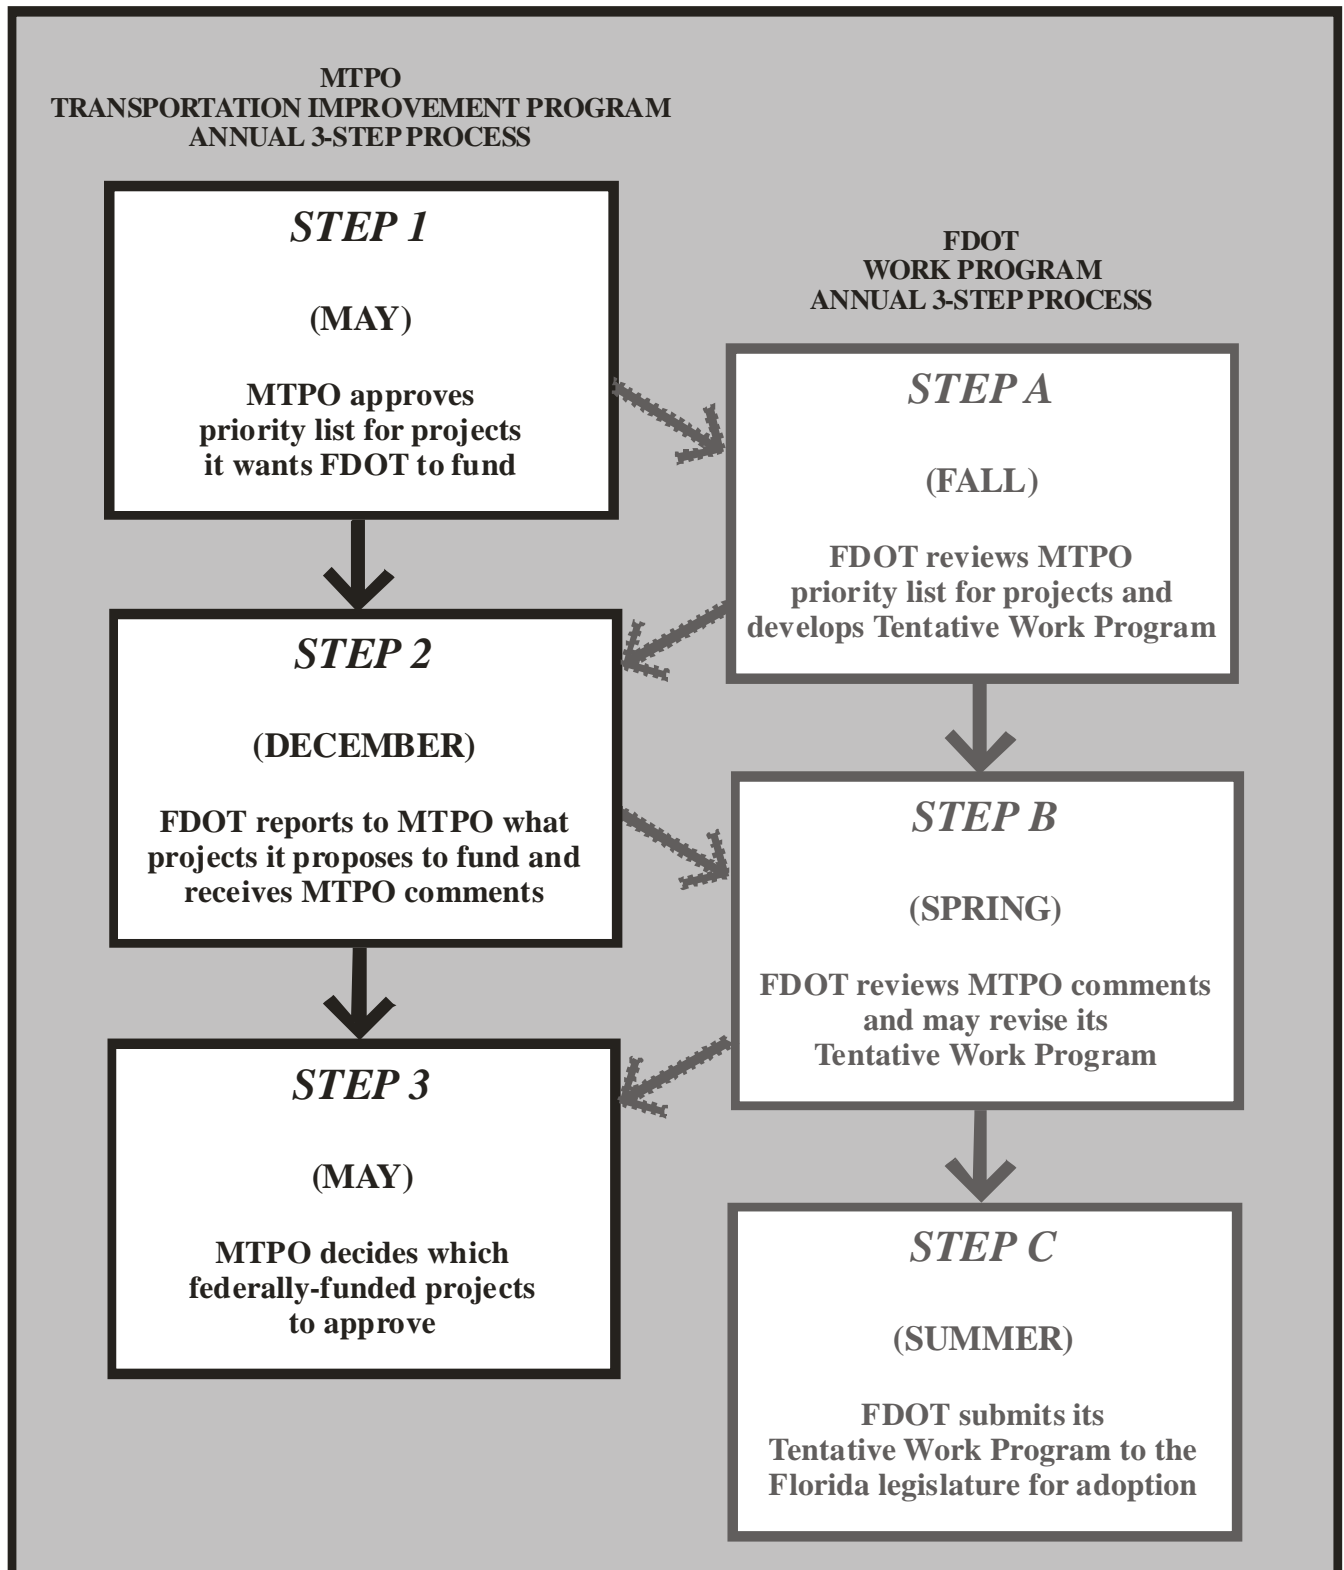

*Florida State Highway System drainage projects, based on the FDOT Work Program, funded in the TIP are identified in Table 7-Drainage of Right-of-Way Projects.*

*Interstate facility projects funded in the TIP are identified in Table 9- Interstate / Interchange Projects*

*Florida State Highway System resurfacing projects, based on the FDOT Work Program, funded in the TIP are identified in Table Resurfacing / Repaving Projects.*

## ILLUSTRATION G-1

### MTPO CALENDAR

## APPENDIX H

# **TIP PROJECTS THAT PROMOTE CONSISTENCY BETWEEN TRANSPORTATION IMPROVEMENTS AND PLANNED GROWTH**

(PAGE LEFT BLANK INTENTIONALLY)

## **PROJECTS THAT PROMOTE CONSISTENCY BETWEEN TRANSPORTATION IMPROVEMENTS AND PLANNED GROWTH**

The MTPO, as necessary, will work with local governments to promote corridor management techniques, including access management strategies, right-of-way acquisition and protection measures, appropriate land use strategies, zoning, and setback requirements for adjacent land uses. Whenever possible, the plans and programs of the Transportation Improvement Program (TIP) should identify those facilities that are subject to such techniques. Table H-1 shows the TIP projects that address the consistency between transportation facility modifications and planned growth.

As needed, the MTPO updates its MTPO Urban Design Policy Manual. This Manual is used by Alachua County, City of Gainesville and FDOT for corridor design guidance. In addition, the Alachua County Corridor Design Manual criteria is applied to County-maintained facilities. The MTPO has designated its Technical Advisory Committee established to review design plans for construction, enhancement reconstruction projects within the Gainesville Metropolitan Area.

### **INTERSECTION REALIGNMENT PROJECTS**

There is one intersection realignment project that is underway, State Road 24 at State Road 226, that applies access management strategies to provide additional safety for vehicular traffic. This project has completed the project, development and environment (PD&E) phase. The PD&E study identifies intersection modifications at State Road 24 at State Road 226, State Roads 24 at US 441 and State Road 226 at US 441.

### **RESURFACING PROJECTS**

There is one resurfacing project in the TIP, Main Street from N 8 Avenue to N 16 Avenue, that applies access management strategies. This project reduces a 4-lane undivided facility to a 2-lane divided facility with bikelanes and sidewalks.

### **ROAD CONSTRUCTION PROJECTS**

There are three road construction projects in the TIP, Depot Avenue corridor from SW 13 Street to Williston Road, SE 16 Avenue from Main Street to Williston Road, and SW 8 Avenue Connector from Tower Road to SW 24 Avenue.

The Depot Avenue corridor project includes reconstruction from a 2-lane undivided facility to a 2-lane divided facility with bikelanes and sidewalks. The SE 16 Avenue project will enable the divergence of State Road 24 from the congested University of Florida campus area. The SW 8th Avenue Connector project will provide more connectivity in southwestern part of the Gainesville Metropolitan Area.

## PROJECT CONSISTENCY WITH LONG RANGE TRANSPORTATION PLAN

The Year 2025 Livable Community Reinvestment Plan is a multimodal long range transportation plan (LRTP). The Plan's Vision Statement (VS) is:

*Land use developed with intensity and density that creates more balance in east-west Gainesville area growth, connects a limited number of highly developed mixed use centers, and is served by a highly efficient multimodal transportation system, which allows for mode choice. The transportation system is safely used by people of all ages and income classes, supported by a dedicated transportation funding source and provides for:*

- 1. Walkable University and town centers;*
- 2. Improved and affordable transit service;*
- 3. Improved bikeway/trail system; and*
- 4. Better road connectivity.*

The Plan's goals consist of:

*Goal 1 Develop and maintain a balanced transportation system that supports the economic vitality and quality of life in the Gainesville Metropolitan Area through expanded transportation choice, improved accessibility for motorized and non-motorized users and the preservation of environmental, cultural and historic areas. (G-1)*

*Goal 2 Develop and maintain a sustainable transportation system that supports and preserves the existing transportation network through compact development patterns, improved system management and operations, coordination and communications. (G-2)*

*Goal 3 Develop and maintain a safe and secure transportation system for all users and neighbors of transportation facilities and services. (G-3)*

*Goal 4 Invest strategically in transportation infrastructure to enhance the vitality of the community. (G-4)*

Table H-2 Long Range Transportation Plan Consistency shows Transportation Improvement Program projects' consistency with the LRTP Vision Statement and Goals.

**TIP PUBLIC COMMENTS  
AND  
COMMENT TRACKING**

(PAGE LEFT BLANK INTENTIONALLY)

## **PUBLIC COMMENTS AND COMMENT TRACKING**

In addressing requirements in 23 CFR 450.316, significant written or oral public comments provided to the MTPO regarding projects in the TIP are maintained in the MTPO's TIP General File. Comment summaries and subsequent MTPO action/response included in Table J-1.

The Comment Summary includes the date the comment is received, the name person or group making the comment and identification of project(s) on which comments have been received. The Comment Tracking includes the action and/or response the MTPO provided to the public comments.

**TABLE J-1**

### **PUBLIC COMMENT SUMMARIES AND PUBLIC COMMENT TRACKING FISCAL YEARS 2010/2011 - 2014/2015 TRANSPORTATION IMPROVEMENT PROGRAM**

COMMENT SUMMARY		TRACKING- MTPO ACTION/RESPONSE

**APPENDIX K**

**AMERICAN RECOVERY AND REINVESTMENT ACT  
OF 2009 [ARRA]–FUNDED PROJECTS  
STATUS REPORT**

(PAGE LEFT BLANK INTENTIONALLY)

## **ARRA-FUNDED PROJECT STATUS**

In order to fulfill public disclosure and transparency of ARRA-funded projects within the Gainesville Metropolitan Area, the MTPO has provided a project tracking matrix. The purpose of the matrix is to demonstrate which ARRA-funded projects, that were funded in Fiscal Year 2008/2009, have been completed and which have not yet been completed. ARRA-funded project status is shown below in Table K-1. Until all of the ARRA-funded projects are completed, the MTPO will maintain Table K-1 on its website at <http://ncfrpc.org/mtpo/index.html>.

**TABLE K-1**

## **ARRA-FUNDED PROJECT STATUS**

PROJECT DESCRIPTION						PROJECT COMPLETED
