# Chapter I

## Introduction

THIS PAGE LEFT BLANK INTENTIONALLY

# Chapter I: Introduction

The purpose of the Transportation Improvement Program is to identify all transportation projects within the Gainesville Metropolitan Area to be funded by Alachua County, the City of Gainesville, the Florida Department of Transportation, the University of Florida, the Federal Highway Administration (Title 23 United States Code) and the Federal Transit Administration (Federal Transit Act). The Transportation Improvement Program identifies all regionally significant transportation projects for which Federal Highway Administration or Federal Transit Administration approval is required whether or not the projects are to be funded with Title 23 United States Code or Federal Transit Act funds (e.g., addition of an interchange to the Interstate System).

## A. How to Use the Transportation Improvement Program

Total project costs used in this document are derived from the Year 2035 Long Range Transportation Plan and Florida Department of Transportation's Work Program. The total project cost process is described in Appendix A. Below is a link to the Year 2035 Long Range Transportation Plan webpage.

<http://ncfrpc.org/mtpo/LRTP.html>

Disclaimer - The "Total Project Cost" amount displayed for each of the federal and state funded projects in the Transportation Improvement Program represents ten years of programming in the Florida Department of Transportation's Work Program database for projects on the Strategic Intermodal System (Fiscal Years 2013-14 through 2022-23) and five years in the Work Program for non-Strategic Intermodal System projects (Fiscal Years 2013-14 through 2017-18), plus historical cost information for all projects having expenditures paid by the Florida Department of Transportation prior to Fiscal Year 2013-14. For a more comprehensive description of the total cost of a particular project for all project phases, please refer to the Year 2035 Long Range Transportation Plan.

## B. Definitions

*Administrative modification* means a minor revision to a long-range statewide or metropolitan transportation plan, Transportation Improvement Program, or Statewide Transportation Improvement Program that includes minor changes to project/project phase costs, minor changes to funding sources of previously-included projects, and minor changes to project/project phase initiation dates. An administrative modification is a revision that does not require public review and comment, redemonstration of fiscal constraint, or a conformity determination (in nonattainment and maintenance areas).

*Amendment* means a revision to a long-range statewide or metropolitan transportation plan, Transportation Improvement Program, or Statewide Transportation Improvement Program that involves a major change to a project included in a metropolitan transportation plan, Transportation Improvement Program, or Statewide Transportation Improvement Program, including the addition or deletion of a project or a major change in project cost, project/project phase initiation dates, or a major change in design concept or design scope (e.g., changing project termini or the number of through traffic lanes). Changes to projects that are included only for illustrative purposes do not require an amendment. An amendment is a revision that requires public review and comment, redemonstration of fiscal constraint, or a conformity determination (for metropolitan transportation plans and Transportation Improvement Programs involving "non-exempt" projects in nonattainment and maintenance areas). In the context of a

long-range statewide transportation plan, an amendment is a revision approved by the State in accordance with its public involvement process.

*Congestion management process* means a systematic approach required that provides for effective management and operation, based on a cooperatively developed and implemented metropolitan-wide strategy, of new and existing transportation facilities eligible for funding under Title 23, United States Code, and Title 49 United States Code, through the use of operational management strategies.

*Financially constrained or Fiscal constraint* means that the metropolitan transportation plan, Transportation Improvement Program, and Statewide Transportation Improvement Program includes sufficient financial information for demonstrating that projects in the metropolitan transportation plan, Transportation Improvement Program, and Statewide Transportation Improvement Program can be implemented using committed, available, or reasonably available revenue sources, with reasonable assurance that the federally supported transportation system is being adequately operated and maintained. For the Transportation Improvement Program and the Statewide Transportation Improvement Program, financial constraint/fiscal constraint applies to each program year. Additionally, projects in air quality nonattainment and maintenance areas can be included in the first two years of the Transportation Improvement Program and Statewide Transportation Improvement Program only if funds are "available" or "committed."

*Freight shippers* means any business that routinely transports its products from one location to another by providers of freight transportation services or by its own vehicle fleet.

*Intelligent transportation system* means electronics, photonics, communications or information processing used singly or in combination to improve the efficiency or safety of a surface transportation system.

*Metropolitan planning area* means the geographic area determined by agreement between the metropolitan planning organization for the area and the Governor, in which the metropolitan transportation planning process is carried out.

*Metropolitan planning organization* means the policy board of an organization created and designated to carry out the metropolitan transportation planning process.

*Metropolitan transportation plan* means the official multimodal transportation plan addressing no less than a 20-year planning horizon that is developed, adopted and updated by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area through the metropolitan transportation planning process.

*Regionally significant project* means a transportation project (other than projects that may be grouped in the Transportation Improvement Program and/or Statewide Transportation Improvement Program or exempt projects as defined in United States Environmental Protection Agency's transportation conformity regulation (40 Code of Federal Regulations part (93)) that is on a facility which serves regional transportation needs (such as access to and from the area outside the region; major activity centers in the region; major planned developments such as new retail malls, sports complexes, or employment centers; or transportation terminals) and would normally be included in the modeling of the metropolitan area's transportation network. At a minimum, this includes all principal arterial highways and all fixed guideway transit facilities that offer a significant alternative to regional highway travel.

*Revision* means a change to a long-range statewide or metropolitan transportation plan, Transportation Improvement Program, or Statewide Transportation Improvement Program that occurs between scheduled periodic updates. A major revision is an "amendment," while a minor revision is an "administrative modification."

*Statewide Transportation Improvement Program* means a statewide prioritized listing/program of transportation projects covering a period of four years that is consistent with the long-range statewide transportation plan, metropolitan transportation plans, and Transportation Improvement Programs, and required for projects to be eligible for funding under Title 23, United States Code, and Title 49, United States Code, Chapter 53.

*Strategic highway safety plan* means a plan developed by the Florida Department of Transportation in accordance with the requirements of Title 23, United States Code, 148(a)(6).

*Transportation improvement program* means a prioritized listing/program of transportation projects covering a period of four years that is developed and formally adopted by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area as part of the metropolitan transportation planning process, consistent with the metropolitan transportation plan and required for projects to be eligible for funding under Title 23, United States Code, and Title 49 United States Code, Chapter 53.

## **C. List of Acronyms**

Tables 1 and 2 include listings of acronyms used in the Chapters III Detailed Project Listings for Five Fiscal Years tables. In addition, each Detailed Project Listings for Five Fiscal Years table has a listing of acronyms.

## **D. Funding Codes**

Abbreviations used for funding source information for each transportation project are provided in Table 1.

**Table 1**  
**Legend to Transportation Projects and**  
**Fund Codes for Transportation Projects**

Code	Federal Funds	Type Funds
ACNH	YES	Advanced Construction National Highway
ACSA	YES	Advanced Construction Surface Transportation Program- Any Area
ACSE	YES	Advanced Construction Surface Transportation Program – Enhancement
ACSL	YES	Advanced Construction Surface Transportation Program (population over 200,000)
ACSS	YES	Advanced Construction Surface Transportation Program - Safety Related
BA	YES	Donor Bonus - Any Area
BL	YES	Donor Bonus - Areas with Population less than or equal to 200,000
BOND	NO	County Bonding Program
BNDS	NO	State Funds From Amendment 4 Gas Tax Monies
BRRP	NO	Bridge Repair
BRT	YES	Federal Bridge Replacement - On System
BRTZ	YES	Federal Bridge Replacement - Off System
BU	YES	Donor Bonus, Areas with Population greater than 200,000
CIGP	NO	County Incentive Grant Program
CITY	NO	City of Gainesville Funds
CM	YES	Congestion Management – Air Quality
D1	NO	Unrestricted State Primary Funds
D2	NO	Mass Transit (State Primary - Aviation)
D3	NO	Mass Transit (State Primary - Transit)
DDR	NO	Dedicated District Revenue
DO	NO	State Funds- Interstate/Intrastate Highway
DIH	NO	State Funds in House Planning Activities
DITS	NO	Intelligent Transportation System Program - Statewide Program
DPE	NO	Primary Funds for Preliminary Engineering
DPTO	NO	Dedicated Public Transportation Office
DS	NO	State Funds direct through District 2
DSL	NO	Local Government Cooperative Program
DTO	NO	Funds Reimbursable From Bond Funds
DU	NO*	Advanced From State Primary Funds to be reimbursed by Federal Transit Administration
EB	YES	Equity Bonus
FAA	YES	Federal Aviation Administration
FCO	NO	Fixed Capital Outlay
FSIB1	YES	Federal State Infrastructure Bank Loan
FSSE	YES	Federal Stimulus American Recovery and Reinvestment Act of 2009 Enhancement
FSSL	YES	Federal Stimulus- American Recovery and Reinvestment Act of 2009 Areas with population less than or equal to 200,000
FTA	YES	Federal Transit Administration
FTAT	YES	Federal Highway Administration Transfer to Federal Transit Administration
GMR	NO	Growth Management Revenue
GT	NO	Alachua County Funds (Gas Tax)

**Table 1 (Continued)**  
**Legend to Transportation Projects and**  
**Fund Codes for Transportation Projects**

Code	Federal Funds	Type Funds
HPP	YES	Safe, Accountable, Flexible and Efficient Transportation Equity Act: A Legacy for Users High Priority Project (Federal Earmark funding)
HSP	YES	Highway Safety Program
IF	NO	Alachua County Funds (Impact Fees)
IM	YES	Interstate Maintenance
IMAC	YES	Interstate Maintenance Advance Construction
IR	YES	Interstate Rehabilitation
IRD	YES	Interstate Development
LF	NO	Local Funds - Mass Transit - Aviation, Transit
LFD	NO	Local Funds for utility work
LFF	NO	Local Funds for Federal Match off State Highway System
LFP	YES	Local Funds for Federal Match for Federal Aid-Eligible Projects
MA	YES	Minimum Allocation, Any Area
MGBP	YES	Minimum Guarantee- Bridge Supplement
ML	YES	Minimum Allocation, Areas with population less than or equal to 200,000
MU	YES	Minimum Allocation, Areas with population greater than 200,000
NH	YES	National Highway
NHAC	YES	National Highway Advance Construction
PECO	YES	Public Education Capital Outlay
PL	YES	Planning
RED	YES	Redistribution of Federal Allocation (Section 1102F)
RHP	YES	Rail-Highway Crossings- Protective Devices
SA	YES	Surface Transportation Program - Any Area
SE	YES	Surface Transportation Program - Enhancement
SH	YES	Surface Transportation Program - Hazard Elimination
SIS	YES	Strategic Intermodal System
SL	YES	Surface Transportation Program - Areas with population less than or equal to 200,000
SN	YES	Mandatory Non-Urban
SP	YES	Surface Transportation Program - Safety Related
SR	YES	Surface Transportation Program - Safety Related
SS	YES	Surface Transportation Program - Safety Related
SU	YES	Surface Transportation Program - Areas with population greater than 200,000
S117	YES	Section 117- Federal Earmark Project
SR2E	YES	Safe Routes to School
SR2S	YES	Safe Routes to School
TALL	YES	Transportation Alternative - Any Areas - MAP 21
TALN	YES	Transportation Alternative - Any Areas - MAP 21
TALT	YES	Transportation Alternative - Any Areas - MAP-21
TALU	YES	Transportation Alternative any - Areas - MAP-21
TDTF	YES	Transportation Disadvantaged Trust Fund
TRIP	YES	Transportation Regional Incentive Program
UFCDA	YES	University of Florida Campus Development Agreement

\*These funds are the monies that will be reimbursed using federal funds from the Federal Transit Administration through the Section 18 Program.

## E. Phase Codes

Abbreviations used for transportation project phase information are provided in Table 2.

**Table 2**  
**Legend to Transportation Projects and**  
**Phase Codes for Transportation Projects**

Code	Project Phase Information
ADM	Administration
CAP	Capital funding for transit
CEI	Construction Engineering Inspection
DSB	Design and Build
CST	Construction
ENV	Environment
INC	Incentive
LAP	Local Agency Program
MNT	Maintenance
MSC	Miscellaneous
OPS	Operating System funding
PE	Preliminary Engineering
PDE	Project Development and Environmental
PLN	Planning
PST DES	Post Design
RELOC	Relocation
ROW	Right-of-Way Support
RRU	Railroad and Utilities

## F. Federal Funding Obligation for Fiscal Year 2012

Appendix B shows a copy of the Annual Obligations Report that was provided by the Florida Department of Transportation.

## G. Federally-Funded Projects Fiscal Years 2013-14 to 2016-17

Appendix C shows the federal funding for projects for Fiscal Years 2013-14 to 2016-17.

## H. Regionally Significant Projects

Appendix D addresses the regionally significant projects within the Gainesville Metropolitan Area for Fiscal Years 2013-14 to 2017-18.

# Chapter II

## Narrative

THIS PAGE LEFT BLANK INTENTIONALLY

## Chapter II: Narrative

### A. Purpose

The purpose of the Transportation Improvement Program is to provide a prioritized listing of transportation projects covering a period of five years that is consistent with the metropolitan long range transportation plan. The Transportation Improvement Program contains all transportation projects within the Gainesville Metropolitan Area (Illustration I) to be funded with Title 23 United States Code and Title 49 United States Code funds and all regionally significant projects, regardless of funding source.

This report identifies Federal, state and local funded transportation projects within the Gainesville Metropolitan Area. The projects listed later in this report are determined by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area to be necessary to effectively implement the adopted 2035 Long Range Transportation Plan, the *Livable Community Reinvestment Plan*.

Development of the Long Range Transportation Plan, list of Priority Projects and Transportation Improvement Program address the transportation planning process requirements in the Moving Ahead for Progress in the 21st Century Act. In accordance with 23 United States Code 134 (c)(3) and 49 United States Code 5303 (a)(3), this document is developed based on a continuing, comprehensive and cooperative process.

### B. Financial Plan

The Transportation Improvement Program is financially constrained each year. The following chapters identify governmental public and private financial resources that are reasonably expected to be available to accomplish the program. Innovative financing techniques that are used to fund needed projects and programs are identified.

The Transportation Improvement Program is developed by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area in cooperation with the Florida Department of Transportation, Alachua County, the City of Gainesville and the University of Florida. Estimates of available federal and state funds are provided by the Florida Department of Transportation which are used by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area to develop the financial plan. Tables 3 and 4 summarize transportation funding by Federal, State and local sources. In addition, Appendix C shows the federally-funded projects for fiscal years 2013-14 to 2016-17.

**Table 3**  
**Total Project Costs**

Source	Costs (in thousands)					Total
	2013-2014	2014-15	2015-16	2016-17	2017-18	
Total	\$88,830	\$69,073	\$76,223	\$55,362	\$32,699	\$322,187

T:\Mike\Tip\Tip1318\TIP\_Tables\_130529.xlsx\FedSTP

**Table 4**  
**Total Project Revenues**

Source	Revenues (in thousands)					Total
	2013-2014	2014-15	2015-16	2016-17	2017-18	
Federal	\$26,119	\$40,865	\$53,742	\$39,016	\$18,349	\$178,091
State	\$36,110	\$11,368	\$10,483	\$4,122	\$3,701	\$65,784
Local	\$26,601	\$16,840	\$11,998	\$12,224	\$10,649	\$78,312
Total	\$88,830	\$69,073	\$76,223	\$55,362	\$32,699	\$322,187

T:\Mike\Tip\Tip1318\TIP\_Tables\_130529.xlsx\FedSTP

## C. Project Selection

The project selection process for the development of this Transportation Improvement Program has been conducted in accordance with federal requirements, specifically, Title 23 United States Code and Federal Regulations Section 450.330(b). The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area receives comments from various agencies and advisory groups to develop its transportation project priority recommendations. These priorities are contained in the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area List of Priority Projects, which is submitted annually to the Florida Department of Transportation.

## D. Consistency with Other Plans

All modifications included in the Transportation Improvement Program are consistent with the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's long range transportation plan and congestion management system and, to the maximum extent feasible, with:

1. Aviation master plans;
2. Transit development plans;

3. Transportation disadvantaged service plans;
4. Adopted university campus master plans;
5. Adopted local government comprehensive plans of the City of Gainesville and Alachua County;
6. North Central Florida Strategic Regional Policy Plan; and
7. Florida State Highway Safety Plan.

## **E. Project Priority Statement**

The criteria and process for prioritizing implementation of the transportation plan elements for inclusion in the Transportation Improvement Program is to follow the adopted project priorities of the long range transportation plan. Chapter III addresses the project priority process.

## **F. Implemented Projects**

The Florida Department of Transportation produces the annual listing of projects for which federal funds have been obligated in the preceding year. This list is included in Appendix B.

## **G. Public Involvement**

### **1. Public Involvement Activities**

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has provided all interested parties reasonable opportunity to comment on the Transportation Improvement Program. In addition the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has done the following when developing the Transportation Improvement Program:

- a. provided adequate and timely notice about public participation activities;
- b. provided opportunity to comment at key decision points;
- c. provided reasonable access to information about transportation issues and processes;
- d. used visualization techniques to describe the Transportation Improvement Program;
- e. made public information available in electronic formats such as the World Wide Web;
- f. held public meetings at convenient times and locations;
- g. demonstrated explicit consideration and response to public input;
- h. sought out and considered the needs of those traditionally underserved by existing transportation systems, such as low-income and minority households;
- i. provided additional opportunity for public comment if the Final Transportation Improvement program differs significantly from the Draft Transportation Improvement Program;
- j. provided a summary, analysis and report on the comments received on the Transportation Improvement Program if there were a significant number of comments received; and
- k. consulted with state and local agencies that are responsible for other types of planning within the metropolitan area (such as planned growth, economic development, environmental protection, airport operations and freight movements).

### **2. Freight Shippers**

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area maintains a database of freight shippers that serve and/or are based in the Gainesville Metropolitan Area. Correspondence is sent to the freight shippers inviting them to participate in the development of the Transportation Improvement Program.

### **3. Public Transportation Providers/Users**

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area coordinates with Gainesville Regional Transit System staff for public involvement in the development of the Transportation Improvement Program. The Regional Transit System Advisory Board provides input for transit projects to be included in the Transportation Improvement Program. In addition, Gainesville Regional Transit System staff conducts transit forums to gather public input. The Alachua County Transportation Disadvantaged Coordinating Board, which includes public transportation users, provides input for transportation disadvantaged projects to be included in the Transportation Improvement Program. Each year, Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area staff solicits input from Gainesville Regional Transit System and the Alachua County Transportation Disadvantaged Coordinating Board for projects to be included in the Transportation Improvement Program. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area maintains a database of public transportation providers that serve and/or are based in the Gainesville Metropolitan Area. Correspondence is sent to the public transportation providers inviting them to participate in the development of the Transportation Improvement Program.

### **4. Indian Tribal Lands**

Pursuant to Title 23 United States Code of Federal Regulations Section 450.316(c) public involvement requirements, there are no Indian Tribal Lands within the Gainesville Metropolitan Area.

### **5. Federal Lands within the Metropolitan Planning Area**

Pursuant to Title 23 United States Code of Federal Regulations Section 450.316(d) public involvement requirements, Federal lands within the Gainesville Metropolitan Area consist of:

1. Federal Building in downtown Gainesville;
2. United States Post Offices in northeast, northwest and southwest Gainesville; and
3. Roadway facilities- United States 441 and Interstate 75.

### **6. Public Comment and Comment Tracking**

In accordance with the requirements of the Moving Ahead for Progress in the 21st Century Act, significant written or oral public comments provided to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area regarding projects in the Transportation Improvement Program are maintained in the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Transportation Improvement Program General File. Comment summaries and subsequent Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area action/response are included in this Transportation Improvement Program in Appendix E.

## **H. Process Used to Develop Transportation Improvement Program**

The following steps outline the planning process used in developing the Transportation Improvement Program:

Step 1 - February, March and April 2013 Transportation Improvement Program Preparation

Florida Department of Transportation District 2 staff provides the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area with a copy of the Tentative Five-Year Work Program that was recently submitted to the State Legislature. The draft Transportation Improvement Program is prepared including all projects, scheduled for the five Fiscal Year period from 2013-14 through 2017-18, which are located within the Gainesville Metropolitan Area. These projects were contained in or obtained from:

1. Florida Department of Transportation District 2 Tentative Five-Year Work Program;
2. Alachua County's latest tentative Transportation Improvement Program;
3. City of Gainesville's latest adopted annual budget, and
4. University of Florida staff.

Step 2 - May 2013 Public Notice

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has an approved Public Involvement Plan. The purpose of plan is to provide a process to involve the public, including private transportation operators, in the transportation planning process. This process provides an opportunity to participate in the annual development of the Transportation Improvement Program in accordance with Subsection 339.175(7), Florida Statutes.

Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area staff provides notification of meetings when the Transportation Improvement Program is scheduled for review and approval by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area and its advisory committees, the Bicycle/Pedestrian Advisory Board, the Citizens Advisory Committee and the Technical Advisory Committee, through the news media, thereby providing an opportunity to participate in the development of the Transportation Improvement Program. Notice is also provided to the Clerk of the City of Gainesville for placement of meeting notices on the City Community Calendar. In addition, the dates and locations of all Transportation Improvement Program review meetings are publicized in the listing of meetings of the week in the local newspaper. The Transportation Improvement Program is also posted on the [www.ncfrpc.org/mtpo](http://www.ncfrpc.org/mtpo) website. This is done to inform the general public and other interested persons, including private and public transportation operators, who may want to review and comment on the Transportation Improvement Program.

Step 3- May 2013 Public Input

The Bicycle/Pedestrian Advisory Board, the Citizens Advisory Committee and the Technical Advisory Committee review the draft Transportation Improvement Program, receive comments from interested agencies, citizens and organizations, then make recommendations to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area. In addition, the Alachua County Transportation Disadvantaged Coordinating Board reviews the transportation disadvantaged program projects and the Regional Transit System Advisory Board reviews transit projects contained in the Transportation Improvement Program.

Step 4- June 2013 Transportation Improvement Program Approval

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area receives the recommendations of the Citizens Advisory Committee, the Technical Advisory Committee and the Bicycle/Pedestrian Advisory Board, receives comments from interested citizens, organizations and agencies and approves the Transportation Improvement Program.

## **I. Certification**

The current annual Florida Department of Transportation and Metropolitan Planning Organization for the Gainesville Urbanized Area joint certification was completed on May 10, 2013.

## **J. Congestion Management Process-Freight Movement**

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has maintained a Congestion Management System since 1997. A major component of the Congestion Management System is the heavy truck route system. This truck route system was established to facilitate interregional freight movement. To address significant traffic congestion within the Gainesville Metropolitan Area, particularly in proximity to the University of Florida, the Florida Department of Transportation, at the request of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, placed signage on State Highway System roadways to identify the truck route system. In addition, the City of Gainesville and Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, in 2003, requested that the Florida Department of Transportation consider designating South 16 Avenue (State Road 226) from Archer Road (State Road 24) to Williston Road (State Road 331) as State Road 24A. In 2004, the Florida Department of Transportation conducted a public hearing on this redesignation. Subsequently, the Florida Department of Transportation conducted a project, development and environment study. This study resulted in the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area approval of the transportation system management alternative in December 2010 and the programming of intersection modifications for SE 16 Avenue at Main Street and SE 16 Avenue at Williston Road in 2011.

The Florida Intrastate Highway System/Strategic Intermodal System facilities, consisting of State Road 26 to Interstate 75 to State Road 331 to State Road 20 or State Road 26, comprise the west-to-east corridors. Freight movement from south-to-north is accomplished by more circuitous routes.

1. West Loop - State Road 121 to Interstate 75 to State Road 222 to U.S. Highway 441 or State Road 121 or State Road 24; and
2. East Loop - State Road 331 (intercepting U.S. Highway 441) to State Road 24 to State Road 222 to U.S. Highway 441 or State Road 121 or Interstate 75.

## **K. Transportation Disadvantaged Element**

### **1. Transportation Improvement Program Element**

According to Rule 41-2.009(2), Florida Administrative Code, and Subsection 427.015(1), Florida Statutes, a transportation disadvantaged element must be included in the Metropolitan Planning Organization's Transportation Improvement Program. This element is required to include:

*"a project and program description, the planned costs and anticipated revenues for the services, identification of the year the project or services are to be undertaken and implemented and assurances that there has been coordination with local public transit and local government comprehensive planning bodies."*

In preparing the Transportation Improvement Program, there has been coordination with the City of Gainesville Regional Transit System and the planning departments of both Alachua County and the City of Gainesville. There has also been coordination with MV Transportation, Incorporated (the local Community Transportation Coordinator) and the Florida Department of Transportation District 2.

## **2. Organization**

This element contains programmed transportation disadvantaged funds identified in the Florida Department of Transportation's Tentative Five-Year Work Program for Fiscal Years 2013-14 through 2017-18 for Alachua County. As shown in Table 18, the following funding information is provided for each project for transportation disadvantaged persons where appropriate.

- a. Name of agency or organization utilizing transportation disadvantaged funding;
- b. Dollar amount of transportation disadvantaged funds for each fiscal year; and
- c. Category of funding expenditure and tentative five-year work program project number.

## **3. Transportation Disadvantaged Program Projects**

Funding expenditures for projects for transportation disadvantaged persons in Alachua County identified in Table 18 are categorized by the following components.

- a. Planning: Funding allocated for data collection, processing, evaluation and summarization of transportation needs, operations or programs for each fiscal year. This includes studies that are entirely devoted to transportation disadvantaged subjects and also costs for the transportation components of any more inclusive studies.
- b. Capital - Vehicles: Funding allocated for the purchase of vehicles which are used for disadvantaged passenger transportation for each fiscal year.
- c. Capital - Other: Funding allocated for fixed assets such as buildings, communication devices, test equipment, tools, computer hardware, computer software and miscellaneous equipment for each fiscal year.
- d. Operating (All): Funding allocated for operating and maintaining disadvantaged passenger transportation functions (gas, oil, salaries, parts, rent and insurance), i.e. the value of transportation services to be purchased from external for-profit and nonprofit providers for each Fiscal Year.

# Chapter III

## Detailed Project Listings for Five Fiscal Years

THIS PAGE LEFT BLANK INTENTIONALLY

## Chapter III: Detailed Project Listings for Five Fiscal Years

The United States Congress expressed, through passage of Intermodal Surface Transportation Efficiency Act of 1991, its desire to promote and provide greater local control and improved facilitation of comprehensive transportation planning. The Intermodal Surface Transportation Efficiency Act of 1991 gave planning organizations expanded responsibilities and authority in numerous areas, including Transportation Improvement Program development and long-range plan development. The Moving Ahead for Progress in the 21st Century Act enacted in 2012 continues to promote and provide greater local control and improved facilitation of comprehensive transportation planning.

### A. Organization

Chapter III identifies all transportation projects that are programmed for Fiscal Years 2012-13 through 2016-17 in either Florida Department of Transportation's Tentative Five-Year Work Program, the latest tentative Alachua County the Transportation Improvement Program, University of Florida transportation modification projects or programmed modifications by the City of Gainesville. The projects are grouped by transportation mode and by modification type. While the Transportation Improvement Program presentation methodology has been modified to be more user-friendly, projects are still stratified by projected year of each phase of construction. Projects on the maps and tables have been cross-referenced as appropriate. The project tables also indicate which projects include a federal funding component. Where applicable, the project tables include total project costs. Along with the five Transportation Improvement Program project years (in unshaded columns), total project costs are demonstrated using three additional shaded columns.

### B. Project Information

The following project information is included for each transportation project where appropriate.

1. Project Name / Description;
2. Segment From and To;
3. Strategic Intermodal System facility designation;
4. Florida Department of Transportation Project Number;
5. Responsible Agency
6. Length in Miles;
7. Work Description;
8. Prior Year Funding in Thousands (shaded column);
9. Project Phase Code (status) and Costs in Thousands for current five-year funding;
10. Future Year Funding in Thousands (shaded column);
11. Total Project Funding in Thousands (shaded column);
12. Funding Category or Code; and
13. Federal funds used in project.

## C. Purpose

The purpose of this Chapter is to illustrate how the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area priorities are to be funded. This Chapter contains a five-year project listing and a funding summary for all transportation projects within the Gainesville Metropolitan Area which are programmed for Fiscal Years 2012-13 through 2016-17 that contain federal, state or local funds. This Chapter is organized by funding category and improvement type. This Chapter addresses the Moving Ahead for Progress in the 21st Century Act requirements for Transportation Improvement Program development cited in Florida Department of Transportation Metropolitan Planning organization Handbook.

The Moving Ahead for Progress in the 21st Century Act consolidates some of the Safe, Accountable Flexible, Efficient, Transportation Equity Act: A Legacy for Users. The Moving Ahead for Progress in the 21st Century Act maintains Intermodal Surface Transportation Efficiency Act of 1991-based funding categories, such as Surface Transportation Program funds. The Moving Ahead for Progress in the 21st Century Act continues funding for the Intermodal Surface Transportation Efficiency Act of 1991 - established National Highway System and for the completion and maintenance of the Interstate Highway System. The Moving Ahead for Progress in the 21st Century Act continues the opportunity for flexibility in project funding. The Surface Transportation Program still provides the flexibility to shift funds between roadway and transit improvements to best address system deficiencies. Congestion Mitigation/Air Quality and Surface Transportation Program transportation alternatives programs, established under the Intermodal Surface Transportation Efficiency Act of 1991 continue in the Moving Ahead for Progress in the 21st Century Act to provide road and transit agencies funds for addressing environmental concerns. The following 12 funding categories are represented in the Transportation Improvement Program for this year.

1. National Highway, advanced construction;
2. Interstate Maintenance, advanced construction;
3. Surface Transportation Program Over 200,000;
4. Surface Transportation Program Regular;
5. Surface Transportation Program Transportation Alternatives Program;
6. Surface Transportation Program Safety Related;
7. Federal Transit Administration;
8. Federal Aviation Administration;
9. Equity Bonus;
10. Planning;
11. Florida Department of Transportation Revenue; and
12. Local Funds (Alachua County, City of Gainesville and University of Florida).

## D. Contents

The transportation modification categories programmed in this Transportation Improvement Program include: airport, bicycle, drainage, intersection, interstate/interchange, pedestrian (including school safety concern), railroad, resurfacing/repaving, road construction and transit (including mass transit and transportation disadvantaged). Transportation modification subcategories include:

- Airport- Aviation Capacity, Aviation Preservation, Aviation Revenue/Operational, Aviation Safety;
- Intersection- Realignment/Turn Bay/Lane, Traffic Signalization;
- Interstate-- Interchange, Interstate
- Pedestrian- Non-School, School;
- Transit- Planning, Capital Funding, Commuter Transportation Assistance, Operating Funding; and
- Transportation Disadvantaged- Coordinator Capital, Coordinator Operating, Planning.

## E. Project Selection

As a part of the Transportation Improvement Program development process, project proposals are solicited from various agencies, including the Florida Department of Transportation, as well as from Alachua County, the City of Gainesville and the University of Florida. The advisory committees evaluate all projects and review them for their effectiveness and consistency with the adopted Gainesville Metropolitan Area Year 2035 Transportation Plan.

## F. Concluding Statements

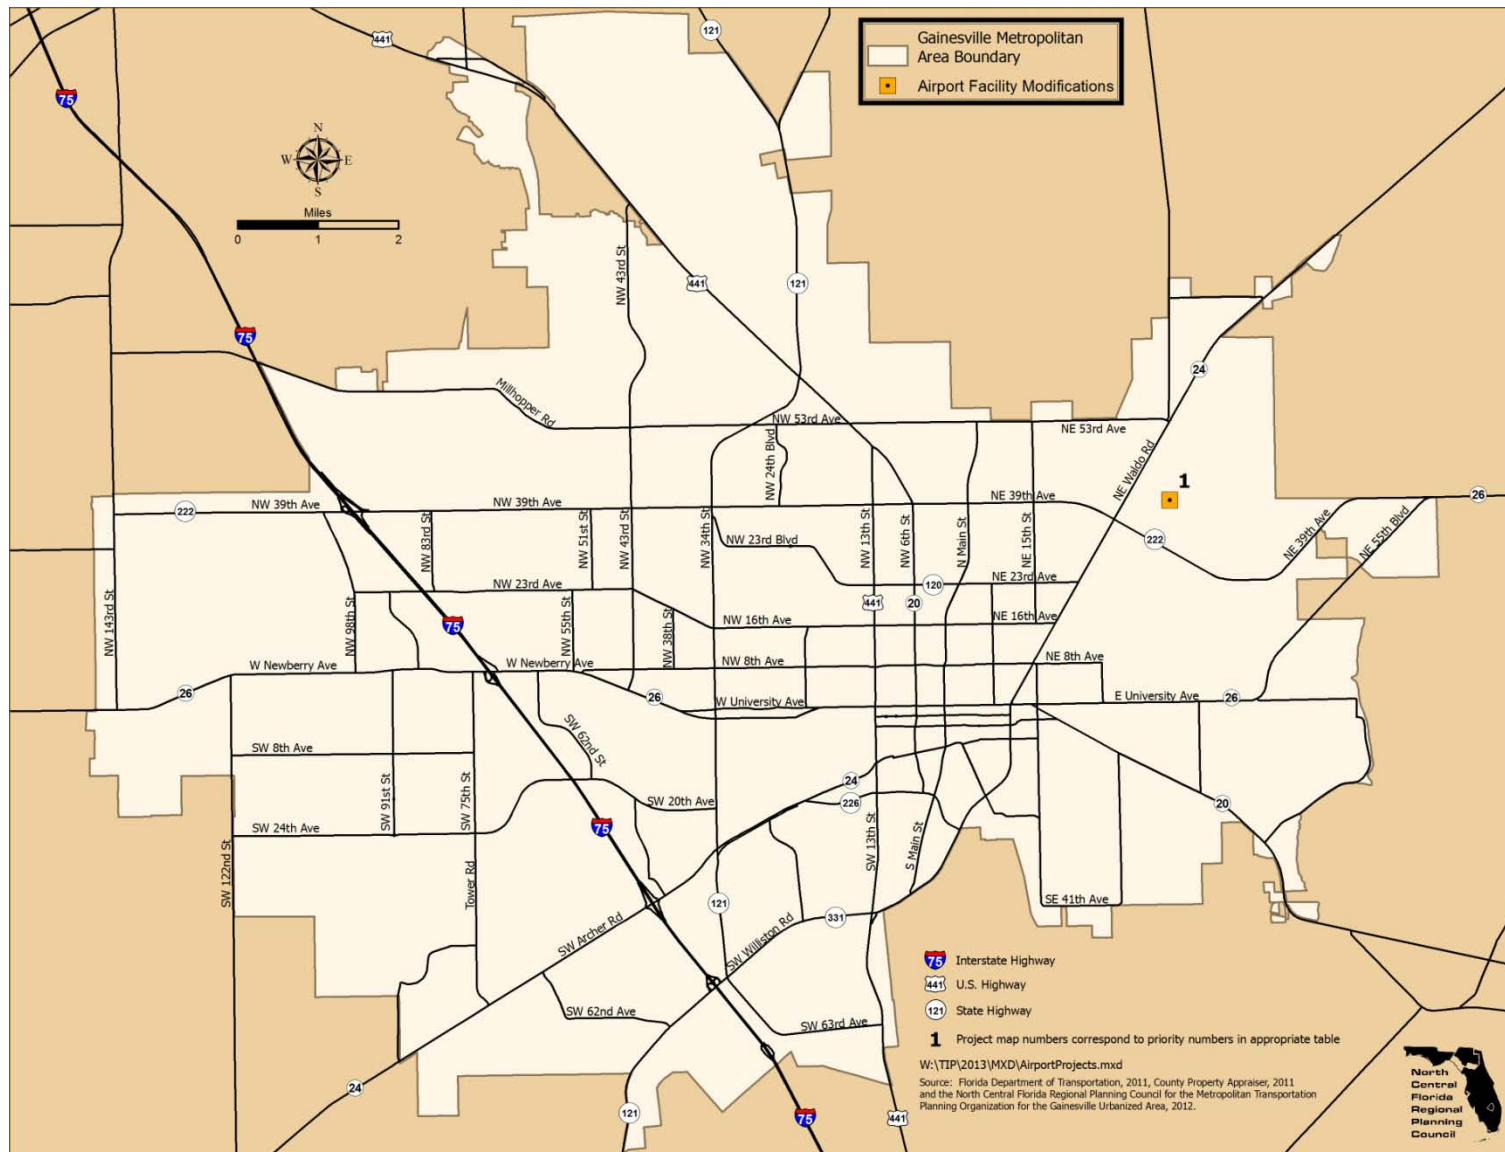

Concluding statements applicable to the content and scope of this Chapter of the Transportation Improvement Program are:

- This Chapter is presented in order to fulfill federal requirements as noted in Public Law 112-141 (Moving Ahead for Progress in the 21st Century Act).
- Projects using major categories of federal funds are noted in this Chapter.
- The projects shown in this section are consistent with the Florida Department of Transportation Tentative Five-Year Work Program.
- Federal funds can reasonably be expected to be made available for those projects that are indicated to be funded in whole or part with federal funds included in this Chapter.
- The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area develops project priorities on applicable funding categories in consultation with the Florida Department of Transportation. The Florida Department of Transportation develops project priorities on the National Highway System and Interstate System in cooperation with the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.
- Disclaimer - The "Total Project Cost" amount displayed for each of the federal and state funded projects in the Transportation Improvement Program represents ten years of programming in the Florida Department of Transportation's Work Program database for projects on the Strategic Intermodal System (Fiscal Years 2012-13 through 2021-22) and five years in the Work Program for non-Strategic Intermodal System projects (Fiscal Years 2012-13 through 2016-17), plus historical cost information for all projects having expenditures paid by the Florida Department of Transportation prior to Fiscal Year 2012-13. For a more comprehensive description of the total cost of a particular project for all project phases, please refer to the Year 2035 Long Range Transportation Plan.

## G. Amendments

Amendments to this Transportation Improvement Program are tracked in Appendix F.

# Appendix A

## Total Project Costs

THIS PAGE LEFT BLANK INTENTIONALLY

# Appendix A: Total Project Costs

## A. Total Project Cost Process

### How do I get to full project costs?

Transportation projects for Alachua County are either located within the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area metropolitan planning area boundary or in the non-metropolitan planning organization area. All highway projects on the Strategic Intermodal System have a Strategic Intermodal System identifier. All projects not on the Strategic Intermodal System have a non-Strategic Intermodal System identifier.

### Full Project Costs in Metropolitan Planning Organization for the Gainesville Urbanized Area Planning Area Boundary

#### Projects on the Strategic Intermodal System

The normal project production sequence is to have a Project Development and Environment phase, a Design phase, a Right-of-Way phase and a Construction phase. Some projects may not have a Right-of-Way phase, if additional land is not needed to complete the project. Costs listed in the Transportation Improvement Program for projects on the Strategic Intermodal System have historical costs, five years of the current Transportation Improvement Program, and five years beyond the current Transportation Improvement Program, which may or may not be the total project cost. If there is no construction phase, then the entry will probably not be reflective of the total project cost.

Costs beyond the ten-year period are listed in the Long Range Transportation Plan Cost Feasible Plan in Section B of this appendix.

#### Non-Strategic Intermodal System Projects

The normal project production sequence is to have a Project Development and Environment phase, a Design phase, a Right-of-Way phase and a Construction phase. Some projects may not have a Right-of-Way phase, if additional land is not needed to complete the project. Costs listed in the Transportation Improvement Program pages for projects not on the Strategic Intermodal System have historical costs and five years of the current Transportation Improvement Program, which may or may not be the total project cost. If there is no Construction phase, then the entry will probably not be reflective of the total project cost.

Costs beyond the five-year period are listed in the Long Range Transportation Plan Cost Feasible Plan in Section B of this appendix.

### Full Projects Costs in the Non-Metropolitan Planning Organization Area

#### Projects on the Strategic Intermodal System

Total project costs and other project details are accessible through the Statewide Transportation Improvement Program for highways on the Strategic Intermodal System. The projects listed in the State Transportation Improvement Program have a Strategic Intermodal System and a County identifier to aid in finding the total project cost. The State Transportation Improvement Program is accessible at the following website.

<http://www.dot.state.fl.us/programdevelopmentoffice/Federal/stip.shtm>

The normal project production sequence is to have a Project Development and Environment phase, a Design phase, a Right-of-Way phase and a Construction phase. Some projects may not have a Right-of-Way phase, if additional land is not needed to complete the project. Costs listed in the State Transportation Improvement Program for projects on the Strategic Intermodal System have historical costs and ten years worth of project costs, which may, or may not be, the total project cost. If there is no Construction phase, then the entry will probably not be reflective of the total project cost. The total project cost is reflected in the Strategic Intermodal System Plan available at the following website.

<http://www.dot.state.fl.us/planning/systems/mspi/plans/>

For projects such as resurfacing, safety or operational projects, and other short term projects, the State Transportation Improvement Program reflects the total project cost available for projects on the Strategic Intermodal System.

### **Non-Strategic Intermodal System Projects in Non-Metropolitan Planning Organization Areas**

All costs for non-Strategic Intermodal System projects in the non-Metropolitan Planning Organization areas will have a Non-Strategic Intermodal System identifier. Costs for these projects are available from the Florida Department of Transportation District 2 Office. Please contact Jordan Green of the Florida Department of Transportation District 2 Office at 1.800.749.2967 for additional information on these projects.

## **B. Year 2035 Cost Feasible Plan Total Cost Tables**

The following excerpts from the Year 2035 Cost Feasible Plan project total costs in year of expenditure dollars are provided at:

- Table A-1 - Strategic Intermodal System (Table 67, page 282);
- Table A-2 - State Highway System (Table 68, page 282);
- Table A-3 - Surface Transportation Program Enhancements (Table 69, page 284); and
- Table A-4 - Surface Transportation Program (Table 70, page 285).

## Regionally Significant Projects

THIS PAGE LEFT BLANK INTENTIONALLY

## Appendix D: Regionally Significant Projects

A regionally significant project is defined as a transportation project (other than projects that may be grouped in the Transportation Improvement Program and/or Statewide Transportation Improvement Program or exempt projects as defined in United States Environmental Protection Agency's transportation conformity regulation (40 Code of Federal Regulations part (93)) that is on a facility which serves regional transportation needs (such as access to and from the area outside the region; major activity centers in the region; major planned developments such as new retail malls, sports complexes or employment centers; or transportation terminals) and would normally be included in the modeling of the metropolitan area's transportation network. At a minimum, this includes all principal arterial highways and all fixed guideway transit facilities that offer a significant alternative to regional highway travel.

The regionally significant principal arterial facilities within the Gainesville Metropolitan Area include:

- Interstate 75;
- US 441;
- State Road 20;
- State Road 24;
- State Road 121;
- State Road 222; and
- State Road 331.

There are no capacity enhancement projects on these regionally significant facilities.

## Transportation improvement Program Public Comments and Comment Tracking

THIS PAGE LEFT BLANK INTENTIONALLY

# **Appendix E: Transportation improvement Program Public Comments and Comment Tracking**

## **A. Public Comments and Comment Tracking**

In addressing requirements in Title 23 United States Code of Federal Regulations Section 450.316, significant written or oral public comments provided to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area regarding projects in the Transportation Improvement Program are maintained in the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Transportation Improvement Program General File. Comment summaries and subsequent Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area action/response are included in Table D-1. Exhibit D-1 is a copy of the advertisement published in the Gainesville Guardian, Gainesville Sun and Independent Florida Alligator newspapers prior to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area meeting in which the Transportation Improvement Program was approved.

The Comment Summary includes the date the comment is received, the name person or group making the comment and identification of project(s) on which comments have been received. The Comment Tracking includes the action and/or response the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area provided to the public comments.

**COMMUNITY TRANSPORTATION MEETING**

**June 3, 2013 at 5:00 p.m.**

**Jack Durrance Auditorium, County Administration Building,  
12 SE 1<sup>ST</sup> STREET, GAINESVILLE, FLORIDA**

**PURPOSE:** The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has scheduled a public meeting to receive input concerning the proposed Transportation Improvement Program for Fiscal Years 2013-14 to 2017-18. The Transportation Improvement Program is a staged implementation program of transportation projects consistent, to the maximum extent feasible, with the Alachua County and City of Gainesville comprehensive plans.

Projects in the proposed Transportation Improvement Program are also consistent with the Gainesville Metropolitan Area Year 2035 Transportation Plan- The Livable Community Reinvestment Plan. This plan identifies transportation system modifications expected to be needed to serve projected volumes and patterns of traffic through the Year 2035. A final decision regarding all projects contained in the Transportation Improvement Program will be forwarded to the Florida Department of Transportation by the adoption of this Transportation Improvement Program document.

The Federal Obligations Report is included in Appendix B of the Transportation Improvement Program. This Report shows the expenditure of federal funds within the Gainesville Metropolitan Area from October 1, 2011 through September 30, 2012.

This map only shows some of the transportation projects scheduled during the next five years. The proposed Transportation Improvement Program includes transportation projects such as: bicycle; pedestrian; project development and environmental studies; resurfacing/repaving; school safety concern; transportation enhancement; and transit projects, including transportation disadvantaged projects.

**THE MEETING ROOM WILL BE OPEN AT 4:30 PM FOR THE PUBLIC TO REVIEW THE PROPOSED  
TRANSPORTATION IMPROVEMENT PROGRAM  
AND STAFF WILL BE PRESENT TO ANSWER QUESTIONS.**

Copies of the meeting agenda and more detailed information concerning the Federal Obligations Report and proposed Transportation Improvement Program can be obtained by writing to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, c/o North Central Florida Regional Planning Council, 2009 NW 67th Place, Gainesville, Florida 32653, by appearing in person at the above address during business hours, at the [www.ncfpc.org/mtpo](http://www.ncfpc.org/mtpo) website, or by calling 352.955.2200. All persons are advised that, if they decide to contest any decision made at this public meeting, they will need a record of the proceedings and, for such purpose, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which it is to be based. All interested persons are invited to attend and be heard. Public participation is solicited without regard to race, color, national origin, age, sex, sexual orientation, marital status, religious status, disability, familial status or gender identity. Persons who require special accommodations under the American with Disabilities Act, or persons who require translation services (free of charge), should contact Mr. Marlie Sanderson at 352.955.2200, extension 103, at least seven (7) days before the public meeting.

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area consists of the Gainesville City Commission, the Alachua County Commission and nonvoting advisors of the University of Florida, the Florida Department of Transportation and the Alachua County League of Cities. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area is responsible for the continuing, comprehensive and cooperative urban transportation planning program for the Gainesville Metropolitan Area. This planning program is required in order to receive federal and state funds for transportation projects.

## Amendments to

### Fiscal Years 2013-14 to 2017-18

THIS PAGE LEFT BLANK INTENTIONALLY

## Appendix F: Amendments to Fiscal Years 2013-14 to 2017-18

### A. Transportation Improvement Program Amendment Log

The following log of projects is approved amendments to the Fiscal Years 2013-14 through 2017-18 Transportation Improvement Program. This Transportation Improvement Program amendment log, Exhibit III, includes the following information:

1. Transportation Improvement Program amendment number (as assigned by Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area);
2. Date the Transportation Improvement Program amendment was approved by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area;
3. Transportation Improvement Program amendment purpose, including, but not limited to:
  - a. Adding a new project;
  - b. Changing an existing project (refer to project description); and
  - c. Deleting an existing project; and
4. Project description, including:
  - a. Project location;
  - b. Florida Department of Transportation Finance Number identification number, if applicable;
  - c. Type work;
  - d. Project year;
  - e. Project funding; and
  - f. Project fund codes.

This information will be incorporated into Transportation Improvement Program Chapter III as the Transportation Improvement Program is amended in order to ensure the consistency and accuracy of an up-to-date Transportation Improvement Program document.
