November 13, 2006

TO: Metropolitan Transportation Planning Organization (MTPO)
Urban Village Subcommittee

FROM: Marlie Sanderson, AICP, Director of Transportation Planning

SUBJECT: Urban Village Study Area Future Land Use Scenarios

STAFF RECOMMENDATION

Review the future land use scenarios for testing to assess the impacts on the transportation system.

BACKGROUND

At its meeting on November 2nd, the Urban Village Planning Team developed a series of Urban Village future land use scenarios. These scenarios consist of:

1. Modified Action Plan Scenario;
2. Core Park Plan Scenario; and
3. Activity Node Plan Scenario.

The Urban Village Focus Group and Stakeholders met on November 9th to discuss these future land use scenario maps.

Please note that the attached draft future land use scenarios were provided to MTPO staff prior to the Urban Village Focus Group meeting and may differ from what is presented by the Urban Village Planning Team at the November 16th Urban Village Subcommittee meeting.
